

Park/reserve #4

1. What park or reserve are you providing your feedback on? (Please provide an address if you know it).

2. What do you value most about this place?

3. What do you see as key issues or activities that impact this space and its users?

4. What should we be protecting about this place and why?

5. Any further comments about the future of this reserve.

About you

First name:

Last name:

Phone:

Email:

Age group:

☐ Under 17 years ☐ 17-24

☐ 45-64 ☐ 64+

Which area of the district are you from?

☐ Paekākāriki ☐ Waikanae

☐ Raumati ☐ Te Horo

☐ Paraparaumu ☐ Ōtaki

☐ Outside the district (tell us where):

I am responding as:

☐ An individual

☐ Parent with children under 12

☐ Grandparent or caregiver

☐ Community group or sports group member

☐ Other (please specify):

Your feedback

Thank you for providing your feedback. Our Open Space Planning team will review and summarise all responses. The summary will be made public on our website however, your personal details will not be included.

The collated feedback will inform a draft omnibus Reserve Management Plan which we will invite formal submissions around the middle of next year.

Submission form

Help us prepare an omnibus Reserve Management Plan

Government’s Reserves Act 1977 requires Council to ensure the reserves it manages have fit-for-purpose management plans. These need to be continually reviewed to reflect community needs, legal requirements, and council strategies.

Reserve Management Plans (RMPs) contain our community’s vision for a reserve or group of reserves and set out objectives, policies, and rules that guide decisions on their use, management, protection or development.

Of our parks and reserves, most have no management plan in place and many of those that do are 30 years old, so we’re developing an omnibus ‘reserve management plan’ (RMP) covering all the parks and reserves Council manages in our district.

All the information you need is available online at haveyoursay.kapiticoast.govt.nz/RMP and at our service centres and libraries. You can provide your feedback any time before **5pm Monday 6 October 2025**.

Feedback closes 5pm Monday 6 October

Have your say

Online

- Go to haveyoursay.kapiticoast.govt.nz/RMP where we have an interactive map you can drop a pin and tell us what you value, what you don’t like, and provide ideas or suggestions for your favourite parks and reserves.

- Email us at haveyoursay@kapiticoast.govt.nz

On paper

- Fill in a feedback form at one of our libraries or service centres.

In person

- Talk to us at our drop-in sessions in various locations around the district.

For more information visit: haveyoursay.kapiticoast.govt.nz/RMP

Submission form

Things to consider when providing your feedback include:

- how you use your parks and reserves,
- what you love (or don't) about the way they're used,
- what you'd like to see more (or less) of,
- what activities you think should be allowed (or not allowed),
- how you'd like your parks and reserves managed, protected, or developed,
- anything else you'd like us to consider as we write the plan.

General comments

What would you like us to consider when we write the reserve management plan?

For park and reserve specific feedback please complete the following

Park/reserve #1

1. What park or reserve are you providing your feedback on? (Please provide an address if you know it).

2. What do you value most about this place?

3. What do you see as key issues or activities that impact this space and its users?

4. What should we be protecting about this place and why?

5. Any further comments about the future of this reserve.

Park/reserve #2

1. What park or reserve are you providing your feedback on? (Please provide an address if you know it).

2. What do you value most about this place?

3. What do you see as key issues or activities that impact this space and its users?

4. What should we be protecting about this place and why?

5. Any further comments about the future of this reserve.

Park/reserve #3

1. What park or reserve are you providing your feedback on? (Please provide an address if you know it).

2. What do you value most about this place?

3. What do you see as key issues or activities that impact this space and its users?

4. What should we be protecting about this place and why?

5. Any further comments about the future of this reserve.
