Q38 Do you agree with the proposed change A for RC1 Marine Parade?

Multi Choice

Q39 Please explain why you disagree with proposed plan A for RC1 Marine Parade.

Long Text

Q40 For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?

Long Text

Q41 Do you agree with the proposed change C for RC1 Marine Parade?

Multi Choice

Q42 Please explain why you disagree with proposed plan C for RC1 Marine Parade.

Long Text

Q43 Do you agree with the proposed change D for RC1 Marine Parade?

Multi Choice

Q44 Please explain why you disagree with proposed plan D for RC1 Marine Parade.

Long Text

Q45 Do you agree with the proposed change for RC2 Ocean Road?

Multi Choice

Q46 Please explain why you disagree with this proposed plan for RC2 Ocean Road.

Long Text

Q47 Do you agree with the proposed change A for RC3 Mazengarb Road?

Multi Choice

Q48 Please explain why you disagree with proposed change A for RC3 Mazengarb Road.

Long Text

Q49 Do you agree with the proposed change B for RC3 Mazengarb Road?

Multi Choice

Q50 Please explain why you disagree with proposed change B for RC3 Mazengarb Road.

Long Text

Q51 Do you agree with this proposed plan for RC4 Ratanui Road?

Multi Choice

Q52 Please explain why you disagree with this proposed plan for RC4 Ratanui Road.

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text

Q64 **Do you agree with proposed B for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q65 **Please explain why you disagree with proposed change B for SC6 Our Lady of Kāpiti School.**

Long Text

Q66 **Do you agree with proposed C for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q67 **Please explain why you disagree with proposed change C for SC6 Our Lady of Kāpiti School.**

Long Text

Q68 **Do you agree with proposed A for SC7 Paraparaumu Beach School?**

Multi Choice

Q69 **Please explain why you disagree with proposed change A for SC7 Paraparaumu Beach School.**

Long Text

Q70 **Do you agree with proposed B for SC7 Paraparaumu Beach School?**

Multi Choice Yes, I agree

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text

Q72 **Do you agree with proposed A for SC8 Kenakena School?**

Multi Choice

Q73 **Please explain why you disagree with proposed change A for SC8 Kenakena School.**

Long Text

Q74 **Do you agree with proposed B for SC8 Kenakena School?**

Multi Choice

Q75 **Please explain why you disagree with proposed change B for SC8 Kenakena School.**

Long Text

Q76 **Do you agree with proposed A for SC10 Kāpiti Primary School?**

Multi Choice

Q77 **Please explain why you disagree with proposed change A for SC10 Kāpiti Primary School.**

Long Text

Q78 **Do you agree with proposed B for SC10 Kāpiti Primary School?**

Multi Choice

Q79 **Please explain why you disagree with proposed change B for SC10 Kāpiti Primary School.**

Long Text

Q80 **Do you agree with proposed C for SC10 Kāpiti Primary School?**

Multi Choice

Q81 **Please explain why you disagree with proposed change C for SC10 Kāpiti Primary School.**

Long Text

Q82 **Do you agree with proposed A for SC11 Paraparaumu School?**

Multi Choice

Q83 **Please explain why you disagree with proposed change A for SC11 Paraparaumu School.**

Long Text

Q84 **Do you agree with proposed B for SC11 Paraparaumu School?**

Multi Choice

Q85 **Please explain why you disagree with proposed change B for SC11 Paraparaumu School.**

Long Text

Q86 **Do you agree with proposed C for SC11 Paraparaumu School?**

Multi Choice

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text

Q90 **Do you agree with proposed E for SC11 Paraparaumu School?**

Multi Choice

Q91 **Please explain why you disagree with proposed change E for SC11 Paraparaumu School.**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text A Number of speed bumps are needed in Gray Avenue, it is the< main entrance to Paraparaumu School, carries a high volume of traffic at school times,is the quickest route to the Beach shops & beyond. Being a long road with no traffic calmers it is subject to high speeds at other than school times. Please consider this.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice As an individual

Q106 **Name of organisation**

Short Text

Q107 **Age Group**

Select Box 85 and over

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice No

Q109 **If yes, which suburb?**

Select Box

Q110 **Where do you live?**

Short Text [redacted] Paraparaumu

Response No: 2

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Yes, I agree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Yes, I agree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Yes - very necessary as indicated in your maps

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Yes, I agree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Not sufficiently aware of the situation to comment

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Yes - agree

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

Yes, I agree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice

Yes, I agree

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text

Q64 **Do you agree with proposed B for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q65 **Please explain why you disagree with proposed change B for SC6 Our Lady of Kāpiti School.**

Long Text

Q66 **Do you agree with proposed C for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q67 **Please explain why you disagree with proposed change C for SC6 Our Lady of Kāpiti School.**

Long Text

Q68 **Do you agree with proposed A for SC7 Paraparaumu Beach School?**

Multi Choice

Yes, I agree

Q69 **Please explain why you disagree with proposed change A for SC7 Paraparaumu Beach School.**

Long Text

Q70 **Do you agree with proposed B for SC7 Paraparaumu Beach School?**

Multi Choice

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text

Q72 **Do you agree with proposed A for SC8 Kenakena School?**

Multi Choice Yes, I agree

Q73 **Please explain why you disagree with proposed change A for SC8 Kenakena School.**

Long Text

Q74 **Do you agree with proposed B for SC8 Kenakena School?**

Multi Choice

Q75 **Please explain why you disagree with proposed change B for SC8 Kenakena School.**

Long Text

Q76 **Do you agree with proposed A for SC10 Kāpiti Primary School?**

Multi Choice

Q77 **Please explain why you disagree with proposed change A for SC10 Kāpiti Primary School.**

Long Text

Q78 **Do you agree with proposed B for SC10 Kāpiti Primary School?**

Multi Choice

Q79 **Please explain why you disagree with proposed change B for SC10 Kāpiti Primary School.**

Long Text

Q80 **Do you agree with proposed C for SC10 Kāpiti Primary School?**

Multi Choice Yes, I agree

Q81 **Please explain why you disagree with proposed change C for SC10 Kāpiti Primary School.**

Long Text

Q82 **Do you agree with proposed A for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q83 **Please explain why you disagree with proposed change A for SC11 Paraparaumu School.**

Long Text

Q84 **Do you agree with proposed B for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q85 **Please explain why you disagree with proposed change B for SC11 Paraparaumu School.**

Long Text

Q86 **Do you agree with proposed C for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text

Q90 **Do you agree with proposed E for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q91 **Please explain why you disagree with proposed change E for SC11 Paraparaumu School.**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice Yes, I agree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice Yes, I agree

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice Yes, I agree

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice Yes, I agree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text In principle I favour any improvements around schools but leave the decisions to the traffic engineers

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice As an individual

Q106 **Name of organisation**

Short Text

Q107 **Age Group**

Select Box 80-84

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice Yes

Q109 **If yes, which suburb?**

Select Box Waikanae

Q110 **Where do you live?**

Short Text

Response No: 3

Contribution ID: 25029
Date Submitted: Sep 15, 2026, 10:53 PM

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Move change A further to the West of The Avenue

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Yes, I agree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

As long as it is well south of Manchester Street

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

The most ridiculous suggestion in this total plan. Move the pedestrian refuge at least 50 to 100 meters south east on Arawhata Road- otherwise by removing the slip lane one would need to endure three more traffic lights in Kapiti Road trying to get to Coastlands !!!!!!!!!

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Neither needed at all

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

No, I disagree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Neither needed at all.

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

No change required

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

No, I disagree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

No change required.

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text

Q64 **Do you agree with proposed B for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q65 **Please explain why you disagree with proposed change B for SC6 Our Lady of Kāpiti School.**

Long Text

Q66 **Do you agree with proposed C for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q67 **Please explain why you disagree with proposed change C for SC6 Our Lady of Kāpiti School.**

Long Text

Q68 **Do you agree with proposed A for SC7 Paraparaumu Beach School?**

Multi Choice

Q69 **Please explain why you disagree with proposed change A for SC7 Paraparaumu Beach School.**

Long Text

Q70 **Do you agree with proposed B for SC7 Paraparaumu Beach School?**

Multi Choice

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text

Multi Choice

Q77 **Please explain why you disagree with proposed change A for SC10 Kāpiti Primary School.**

Long Text

Q78 **Do you agree with proposed B for SC10 Kāpiti Primary School?**

Multi Choice

Q79 **Please explain why you disagree with proposed change B for SC10 Kāpiti Primary School.**

Long Text

Q80 **Do you agree with proposed C for SC10 Kāpiti Primary School?**

Multi Choice

Q81 **Please explain why you disagree with proposed change C for SC10 Kāpiti Primary School.**

Long Text

Q82 **Do you agree with proposed A for SC11 Paraparaumu School?**

Multi Choice

Q83 **Please explain why you disagree with proposed change A for SC11 Paraparaumu School.**

Long Text

Q84 **Do you agree with proposed B for SC11 Paraparaumu School?**

Multi Choice

Q85 **Please explain why you disagree with proposed change B for SC11 Paraparaumu School.**

Long Text

Q86 **Do you agree with proposed C for SC11 Paraparaumu School?**

Multi Choice

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text

Q90 **Do you agree with proposed E for SC11 Paraparaumu School?**

Multi Choice

Q91 **Please explain why you disagree with proposed change E for SC11 Paraparaumu School.**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text Ridiculous. Not required.

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text Use common sense - which is not a common thing - particularly with Councils.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice As an individual

Q106 **Name of organisation**

Short Text

Q107 **Age Group**

Select Box 70-74

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice Yes

Q109 **If yes, which suburb?**

Select Box Paraparaumu

Q110 **Where do you live?**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text 1) Could you please add a pesdestian refuge on the corner of Milne Drive (just past choices flooring). This is where all the kids off the bike track, or kids taking a short cut from Kapiti road, cross Milne drive. Cars often speed going around the corner. If you can't do a refuge, could you please consider a kerb drop on the corner? This would help kids with bikes getting them up the kerb. 2) Could you please add a pedestrian refuge on Amohia Street (just before the bridge) pedestrians already cross the street there. 3) Could you drop the speed limit on the old state highway between Paraparaumu & Otaihanga Roundabout to 50km. There is no longer a painted cycle lane going South and it's not very safe. Thanks!

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice As an individual

Q106 **Name of organisation**

Short Text

Q107 **Age Group**

Select Box 35-39

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice Yes

Q109 **If yes, which suburb?**

Select Box Paraparaumu

Q110 **Where do you live?**

Short Text

Response No: 5

Contribution ID: 25018

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice: No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text: Only if it eliminates the raised platform

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text: None. the traffic through here is always slow and there are sufficient safe pedestrian crossings / platforms already.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice: No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text: Not necessary, insufficient foot traffic to warrant expenditure

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice: No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text: Raised platforms are NOT necessary and cause nuisance to vehicles

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice: No, I disagree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text: Not necessary. Insufficient foot traffic to warrant expenditure. Is safe enough now to safely cross the road

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice: No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text: Insufficient road width. Also, anyone who lives in the area will know the pupils cross the roads en masse anywhere and everywhere. It would be very unlikely to provide any benefit but would cause the road to be narrower and potentially problematic for vehicle safety

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice: No, I disagree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text: I don't see why this is necessary. Is sufficient lighting now

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice:

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Not necessary. Simply rip out a few bushes and replace with cobbles

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

The slip lane into Tutaneki St is widely used, is a semi-busy turn. Removing this will simply cause unnecessary traffic disruption for what purpose. I've never seen anyone waiting ato cross the road along here, so seems like a bloody solution to a problem that doesn't t exist. Another proposed waste of taxpayer money

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

None, not necessary. Yet another proposal to waste money solving a problem that doesn't exist. The road is already relatively narrow and be crossed quite safely

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

No, I disagree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

See above

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

There are already traffic lights and crossings along this road with crossings outside council and the school. what's the purpose off additional crossings along a road that is already riddle with turns, stops, lights and intersections

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

Yes, I agree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice

No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text

Tutaneki St is a road i regularly use. it is narrow and given the parking on each side, SELF REGULATES traffic speed, especially when events are on. Often motorists in either direction need to give way to opposing traffic. In other words these are not necessary and yet another proposed waste of ratepayer money.

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice

No, I disagree

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

5 speed bumps is bloody ridiculous. Is another route I regularly use, and already have to slow to give way to opposing traffic where cars are parked as roads are narrow, so speed limit self regulates . When it's very busy, including school times traffic is at a crawl. So no, is not necessary.

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice No, I disagree

Q75 **Please explain why you disagree with proposed change B for SC8 Kenakena School.**

Long Text This is an important refuge point in an often high traffic area. Even in off-peak traffic, this is necessary for individual people such as elderly Kenakena Rest Home residents to cross the road safely heading towards the Kenakena Shops. Simply removing the refuge will not improve the issue, in fact it will make it more dangerous for children on foot or walking bicycles, or the elderly to cross. Will there be speed humps built instead along this road, or as well as the refuge? Are you not aware that there are 'boy racers' that use this area as a speedway? What is the alternative to this 'too small' refuge? Why not build a bigger refuge rather than remove this altogether?

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

The netball courts at Te Atiawa on Percival Rd are a huge high-traffic area throughout the winter months. The parking overflows and cars get blocked through this area, making it difficult for pedestrians to safely view traffic coming from either direction as they attempt to cross from the courts to the opposite side of the street. It would be very useful if possible to have a safe pedestrian crossing here.

Yes, I agree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

without streets being laelled its a bit hard to wok out w2here is where on this map .
However Rimu rd does need safer crossing for people going to the blood testing building in Rimu Rd

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice

Yes, I agree

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text

Q64 **Do you agree with proposed B for SC6 Our Lady of Kāpiti School?**

Multi Choice

Yes, I agree

Q65 **Please explain why you disagree with proposed change B for SC6 Our Lady of Kāpiti School.**

Long Text

Q66 **Do you agree with proposed C for SC6 Our Lady of Kāpiti School?**

Multi Choice

Yes, I agree

Q67 **Please explain why you disagree with proposed change C for SC6 Our Lady of Kāpiti School.**

Long Text

Q68 **Do you agree with proposed A for SC7 Paraparaumu Beach School?**

Multi Choice Yes, I agree

Q69 **Please explain why you disagree with proposed change A for SC7 Paraparaumu Beach School.**

Long Text

Q70 **Do you agree with proposed B for SC7 Paraparaumu Beach School?**

Multi Choice No, I disagree

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text Again i actually agree but three speed bumps is is overkill - one would probably do the job

Q72 **Do you agree with proposed A for SC8 Kenakena School?**

Multi Choice Yes, I agree

Q73 **Please explain why you disagree with proposed change A for SC8 Kenakena School.**

Long Text

Q74 **Do you agree with proposed B for SC8 Kenakena School?**

Multi Choice No, I disagree

Q75 **Please explain why you disagree with proposed change B for SC8 Kenakena School.**

Long Text As a critical crossing place something n eeds to be there . Will the pedestrian crossing remain

Q76 **Do you agree with proposed A for SC10 Kāpiti Primary School?**

Multi Choice Yes, I agree

Q77 **Please explain why you disagree with proposed change A for SC10 Kāpiti Primary School.**

Long Text

Q78 **Do you agree with proposed B for SC10 Kāpiti Primary School?**

Multi Choice Yes, I agree

Q79 **Please explain why you disagree with proposed change B for SC10 Kāpiti Primary School.**

Long Text

Q80 **Do you agree with proposed C for SC10 Kāpiti Primary School?**

Multi Choice Yes, I agree

Q81 **Please explain why you disagree with proposed change C for SC10 Kāpiti Primary School.**

Long Text

Q82 **Do you agree with proposed A for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q83 **Please explain why you disagree with proposed change A for SC11 Paraparaumu School.**

Long Text

Q84 **Do you agree with proposed B for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q85 **Please explain why you disagree with proposed change B for SC11 Paraparaumu School.**

Long Text

Q86 **Do you agree with proposed C for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text

Q90 **Do you agree with proposed E for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q91 **Please explain why you disagree with proposed change E for SC11 Paraparaumu School.**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice Yes, I agree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice Yes, I agree

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice Yes, I agree

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice: Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text: Thank you for the work you have done . Anything that makes moving around our towns safer is good to have.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice: On behalf of an organisation

Q106 **Name of organisation**

Short Text: Im doing it as an individual and as a member of Cycleways Walkways bridleways Advisory to KCDC, it would have been goodto have been abl to sy why we supported some

Q107 **Age Group**

Select Box: 75-79

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice: Yes

Q109 **If yes, which suburb?**

Select Box: Paekākāriki

Q110 **Where do you live?**

Short Text

Response No: 9

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

One is shown in the picture above, near Sheffield St where the cafes etc are.

Also sometimes further along that traffic island towards Kapiti Road.

Also with the new walking and cycling access to the expressway path and bridge, there will now be more people crossing the road near the right-angle bend to the northeast (near the former cheese factory and retirement village).

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

I don't completely disagree - I have mixed feelings.

On the one hand I am very much in favour of making it safer to cross Arawhata Rd and Tutanekai St. These are busy roads, and they also have a fair amount of foot and bicycle traffic by Paraparaumu standards, especially before and after school. Removing the slip lane will slow down left-turning cars coming from Arawhata, and probably right-turning ones too, which will make crossing both Arawhata and Tutanekai safer, for pedestrians and cyclists. I would say that crossing Tutanekai in either direction near this intersection is currently the most dangerous route for pedestrians and cyclists in the area you're considering, especially at night.

On the other hand, as someone who frequently cycles and drives on that section of Arawhata Rd, I appreciate the left-turning slip lane, which allows more separation from straight-through traffic, and traffic turning right from Arawhata in the opposite direction. The extra space and time it affords to negotiate the intersection makes it feel safer.

You could put the pedestrian refuge for crossing Arawhata further back towards the pedestrian shortcut to Linwood Dr. It is tricky because there are plenty of driveways, and also the question of how to ensure good visibility and less distraction for drivers and cyclists turning right from Tutanekai into Arawhata, which is the most dangerous route through the intersection for road users.

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

I don't have a strong feeling about where exactly, but I'd suggest they tie in with popular entry and exit points to the walking and cycling path alongside the stream.

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text I am in favour of the speed humps only if it isn't possible to make more substantial changes.

This is a difficult area. There is occasional very heavy parking demand due to the sports field, and events at the memorial hall. There is fairly regular parking on the street during weekdays from the KYS site. There is regular in-and-out traffic in the morning and early afternoon due to the childcare centre.

Really I think the solution here needs to be more radical. There needs to be some way of reducing the steepness of the right-angle bend in the road, and/or shifting all the parking away from the bend, and/or providing some alternative arrangement of access to these busy sites that means most of the parking does not need to be in this

area any more.

It does not feel safe as a cyclist to go around this corner, especially in the direction heading away from the former SH1.

The footpath is inadequately wide on one side of the road, and nonexistent on the other.

The safety of pedestrian and cycling access from this area on to the former SH1 railway overbridge is laughable.

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

I appreciate the consideration being given to improving pedestrian safety.

I would love to see evidence of a more holistic approach to connecting safe cycling and walking routes. The problem we have in Paraparaumu is that people still behave as if it is a quiet little seaside town with big wide roads where they can drive quickly wherever they want, whenever they want, and there is no traffic to speak of. Actually our roads are busy at peak times, and often also in the weekends. The council needs to find ways to take short-journey traffic off the roads: school drop-offs, commuters driving a couple of kilometres to the railway station, people driving a few hundred metres to the shops or sports practice, etc.

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

School Speed limits.
Whilst crossings in Te Roto Drive are good, I wish to object to your proposed 1km 30kph speed limit during school drop off and pick up. In the case of Milne Drive, that would effectively mean a 30kph limit from Quadrant Heights to Kaipti Road. That's just overkill and totally unnecessary.
Further, how do you propose to enforce a 30kph limit on Kapiti Road? There are children who walk in that direction as well, so if it is necessary to limit speeds in Milne Drive, the same should apply to Kapiti Rd.

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

Firstly, I want to say what a great plan that has been produced I think it's a wonderful step in the right direction for a safer community. Particularly love the additional measures being put in place along Mazengarb Road to cross there easier will be a good send with my young children. Would you be able to look at Winton Street. There are no pram/pedestrian crossings. Particularly on Hadfield and Winton but also in other spots along Winton. I find it really difficult to negotiate with a pram and kids on bikes. Also, I think a footpath along Donovan Road on the te Atiawa park side would be a real asset. Alternatively, along the north side of the carpark on the edge of the carpark linking up to the pedestrian crossing. I know this is a large-scale project however I think it would make that whole space far more pedestrian friendly. The demographic of this area is such of families with young children and pram/push chair users.

Multi Choice Yes, I agree

Q81 **Please explain why you disagree with proposed change C for SC10 Kāpiti Primary School.**

Long Text

Q82 **Do you agree with proposed A for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q83 **Please explain why you disagree with proposed change A for SC11 Paraparaumu School.**

Long Text

Q84 **Do you agree with proposed B for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q85 **Please explain why you disagree with proposed change B for SC11 Paraparaumu School.**

Long Text

Q86 **Do you agree with proposed C for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text

Q90 **Do you agree with proposed E for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q91 **Please explain why you disagree with proposed change E for SC11 Paraparaumu School.**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice Yes, I agree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice No, I disagree

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text Agree with speed humps, but reservations about having too many.

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice Yes, I agree

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice Yes, I agree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice: Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text: Other area our feedback has identified is Pukenamu Rd in the Te Horo area. This road is part 60km limit and part 80km limit. This is a high horse owning lifestyle block area with a new offroad connection between Derham Rd and Pukenamu Rd and then on to the beach area. So, high use of horses along this area would appreciate a more friendly speed limit of 60km/h.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice: On behalf of an organisation

Q106 **Name of organisation**

Short Text: Cycleway, Walkway, Bridleway Advisory Group

Q107 **Age Group**

Select Box: 65-69

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice: Yes

Q109 **If yes, which suburb?**

Select Box: Raumati

Q110 **Where do you live?**

Date Submitted: Sep 13, 2026, 06:52 PM

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

We would like to see the triangular area bounded by Kapiti roadMarine Parade roundabout-Ocean road/Marine Parade(potentially a roundabout)-Ocean road/Kapiti road roundabout and all of the roads within this triangle to be a 30km zone due to the presence of recreational areas, boating access to the beach, extensive area of carparks, businesses-doctors/meeting hall, Saturday market, high rise buildings, buses, trucking, and pedestrians-school children, families, older people, dog walkers, golf course access. Plus the expected increase in electric scooters/electric bikes. Near the current roundabouts their is restricted line of site for pedestrians eg golf road intersection adjacent to the roundabout.
we would also like to see specific pathways for electric scooters/bikes along Kapiti road to Coastlands eg the southern side being for scooters etc and the Northern side for pedestrians-the rapid rise in pedal power will need the implementation of specific pathways. Increasing safety for both parties.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

The key is not the location of islands but is the enforcement of strict speed limits as shown in your accompanying documents.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

See the above comments

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

See the above comments.

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

No, I disagree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

as highlighted above the location of a roundabout at this location is our preferred option with the 30km per hour speed limit enforced/
any crossings need to be in sync with the car park entrances.

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice: No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text: See the earlier comments about a uniform speed limit throughout this area.

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text: Controlling the speed is the key to safe road management. It negates the necessity for costly infrastructure. There are multiple benefits-improved air quality, reduced carbon emissions etc.
the area around the beach shopping area is zoned for high rise development meaning their is likely to be an increased density in pedestrians.
Pedal power will increase the need to identify specific pathways as today there are no limits . Paths are often used in conjunction with pedestrians who dont have a rear view mirror-accidents waiting to happen-separation makes sense. Cycleways are identified yet the pedallers frequently use paths. Some policy is required.
Paths which link east-west across the coastal plain have the potential to reduce congestion and create a better linked community.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice: As an individual

Q106 **Name of organisation**

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text I drive this section multiple times a day and weekdays at rush hour. I have never once seen it full. Mostly people just jaywalk and do not use the refuge, but the area the refuge crates on the sides as they just want to walk over the road, and through the landscaping and to their car. It will be a tremendous waste of time and resources.

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice Yes, I agree

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text Why place speed bumps for an area that MIGHT get high traffic. Traffic is already slowing to taking a 90 degree turn. The rec area isn't used enough to warrant 365 days of speed bumps damaging cars. This is a significant street that is in use after the double lane of Kapiti road to Rimu and was reduced to 1 lane. I now cannot even make it through the stoplight in less than 15 minutes due to backed up traffic at several times of the day. Do not ruin this bypass road. Ive never even seen people at the field enough to warrant it.

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice

Date Submitted: Sep 11, 2026, 06:12 PM

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

Opposite Toru Road

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

I strongly object to the placement of dangerous concrete islands within the cycle lane. Kapiti cyclists have been objecting to this technique since it was used on Raumati Straight near Raumati Road. Please keep the cycle lanes clear of any obstructions - we suggest you use frangible plastic uprights and paint to provide delineation.

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Yes, I agree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Yes, I agree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Opposite Sheffield Street would be best.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Yes, I agree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Opposite Central Park Ave, because there is a track from here to the Mazengarb Stream.

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Yes, I agree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Further north along Rimu Road opposite the entrance to Coastlands.

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

Yes, I agree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text There are no proposals for Poplar Avenue in Raumati South in this package. My group Kapiti Cycling Action is currently running a bike bus between Tennis Court Road and Raumati South School, which involves turning on and off Poplar Avenue with up to six children on weekdays. Currently Poplar Ave is under 40 km/h in this area, and only 30 km/h at the retail area to the west. We would like to see:
1. Extension of the current 30 km/h limit zone east to beyond the pedestrian crossing into QE Park opposite Matai Road.
2. Addition of at least one speed hump to slow traffic where the visibility is limited.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice On behalf of an organisation

Q106 **Name of organisation**

Short Text Kapiti Cycling Action

Q107 **Age Group**

Select Box 80-84

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice No

Q109 **If yes, which suburb?**

Select Box

Q110 **Where do you live?**

Short Text [redacted] Paraparaumu.

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

In front of the retirement home, and between Rua and Tahi Roads

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Yes, I agree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

No, I disagree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

• Need to consider elsewhere and investigate.
• Opportunity to use existing cub cuts?
• Safe curb cuts before impacting one side of the road
• Are there lights and buses but there are no wheelchair accessible crossings?
• Manchester street, could cross at the lights.
• The shrubs areas on Gilford to te roto drive and safer than from the corners to create a safe place to cross.
• There are no ways to cross as a wheelchair user.
• Note Tautara brewery - indoor playground and day base for disabled people are down there
• need to be accessible.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Yes, I agree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Extra bus stops down that straight and not enough safe areas to cross so somewhere around there,
• Agree regent drive a little bit before regent drive and the top is south of regent drive,
• Gap between the refuges on the corner and agree

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Yes, I agree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

a. Yes agree
Note:
• more of Ihakara street that is not noted to be crossing
• Crossing on Ihakara street well-able
• Coastland just north of the entrance
• Mathias - agree proposed B
• 2 recommendations for separate proposal a goes to the highway left hand side end - gass, Briscoes and salvation army between the lights at the end or Between salvation army and gas
• Awanui labs crossing near the round about and people don't use it, all the way to council . Add a new one crossing somewhere near the entrance to coastlands and paknsave
• Make more sense in one that is one that,
• Curbs must be accessible for Wheelchairs

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

Yes, I agree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

1. there is a big retirement community in Kapiti and to ensure the safety of our elderly residents on the footpaths, I ask please do not let scooters and cyclists on the footpaths. Very few cyclists and e-scooter riders I see travel at a safe speed, let alone a safe speed for a footpath with a vulnerable person walking it. It is doubly alarming to see young riders with absolutely no road sense, helmetless and travelling at speed. Until there is better oversight, policing, education to protect the pedestrians, do not allow cyclists/e-scooter riders on the footpath.
2. Vehicles should not be allowed on Paraparaumu Beach. It is the one safe area where people and dogs can play/run and have fun, without having to look both ways to see if a vehicle s approaching. I cringe when I see a young toddler crouched down building sand castles, or a running onto the beach from the dunes, knowing that most probably a driver would not see them in time. Currently vehicles are not permitted and will be fined, but no-one is policing it and they continue to drive on the beach with impunity.

Long Text

Comment on a number of proposals follow:

Road Corridors RC1 - Marine Parade Proposal C - agree
- This is a top priority for me. The volume of traffic on Marine Parade sometimes makes it difficult to cross and there are no pedestrian crossings or refuges at this end of Marine Parade.

Road Corridors RC2 - Ocean Road Proposal A - agree

Ocean Road has a lot of traffic sometimes as people use it to bypass the shopping area to get to Kāpiti Road. this is not a problem, but it is sometimes hard for pedestrians to cross.

Road Corridors RC6 - Arawhata Road Proposal A - agree
- This is a long busy road with nowhere currently for pedestrians to cross. Slip lane seems un-necessary, so could easily be converted.

Road Corridors RC8 - Rimu Road Proposal A - agree
- On Ihakara Street, somewhere near the road out of Coastlands by Briscoes as this is where lots of people walk and there are crossings/ refuges at either end of this stretch already. Somewhere on Rimu Road near the Medical Centre.

Road Corridors RC8 - Rimu Road Proposal B - agree
- Top priority. Very difficult to cross the road to get to and from bus-stops or the play area. Lots of children and older people in the area too.

Speed Limits SL13 - Paraparaumu-Raumati UTA extension proposal A - agree
- Seems sensible to support future development

School zones SC2 - Te Rā Waldorf School Proposal D - agree
- Good idea. Makes it easier for cyclists to get from the cycleway to QE2 Park. Currently quite narrow here.

Recreational areas RZ1 - Raumati Village Proposal A - agree
- Not sure if this is the best location - maybe closer to the intersection? Cars sometimes come up this intersection quite fast from Alexander Rd direction and from the direction of Rosetta Road.

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text With the big lot of new houses going in off Regent Drive, there will be more cars and school children walking and biking down Cedar Drive on their way to Paraparaumu Beach School. Cedar Drive needs a footpath all the way down on both sides to reduce kids needing to cross that at the intersection with Guilford Rd. The intersection is busy and the current footpath ends on a blind corner.

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

The proposed crossing is too far up, this needs to brought down near percival road, due to a high rate of children crossing at this junction. I also feel speed bumps would benefit pedestrians as Mazengarb is a long road which allows people to reach silly speeds.

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Q72 **Do you agree with proposed A for SC8 Kenakena School?**

Multi Choice No, I disagree

Q73 **Please explain why you disagree with proposed change A for SC8 Kenakena School.**

Long Text I do not disagree in principle but I cannot add comments in relation to this specific school if I click fully agree. This plan only considers Donavan Road. A lot of kids are picked up via the side entrance on Arnold Grove. The conditions there are simply shocking. People double park, people overtake cars while others let cars out of parking spots, people speed through the street, there is no save crossing on that road, people park on the yellow lines, people park and block the pedestrian foodpath. Nobody seems to care or even consider this area. Then there is Martin Road, again, no safe crossing for kids that come out of Arnold Grove and walk/bike/scooter/bus (from that stop) home. This is a very simplistic tick the box plan. This plan needs to go further to keep out kids home.
Council also needs to work with our local road patrol and police to make the areas safer. speed control is a start but these things need to be managed to have behavioural change of the population implemented.

Q74 **Do you agree with proposed B for SC8 Kenakena School?**

Multi Choice Yes, I agree

Long Text

As per my previous feedback, for Kenakena specifically: The plan only considers Donavan Road. A lot of kids are picked up via the side entrance on Arnold Grove. The conditions there are simply shocking. People double park, people overtake cars while others let cars out of parking spots, people speed through the street, there is no save crossing on that road, people park on the yellow lines, people park and block the pedestrian foodpath. Nobody seems to care or even consider this area. Then there is Martin Road, again, no safe crossing for kids that come out of Arnold Grove and walk/bike/scooter/bus (from that stop) home. This is a very simplistic tick the box plan. This plan needs to go further to keep out kids home.
Council also needs to work with our local road patrol and police to make the areas safer. speed control is a start but these things need to be managed to have behavioural change of the population implemented.

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

The existing pedestrian in-road infrastructure already makes this stretch of road dangerous for cyclists, as it creates sudden pinch points where motor vehicles come dangerously close to, and sometimes hit, cyclists. The "Speed Limit Concept Plan 1 Marine Parade (Howell Road to Kāpiti Road)" on page 106 of the Speed Management Plan incorrectly claims that there have been "no reported injury crashes 1 February 2021 to 30 April 2026" on this section of road. I personally assisted a cyclist who was hit by a motor vehicle at one of the existing pinch points, and who was attended by Wellington Free Ambulance. It was reported. Adding further congestion and pinch points to Marine Parade and surrounding areas will increase the danger to cyclists.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

There are no locations that are suitable for narrowing, given that cars are allowed to park in what is functionally the bike lane.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

See above.

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

See above.

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

No, I disagree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Adding further congestion and pinch points to Marine Parade and surrounding areas will increase the danger to cyclists.

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Your own note above state that "the option to build pedestrian refuges or islands at Michael Road, Percival Road and Te Atiawa Park were ruled out because there would not be enough lane width left for vehicles and cyclists to pass safely". This assessment is also true for the proposed "improvements". This stretch of road is already problematic for cyclists, not least because of vehicle parking along the road. Creating additional pinch points and points at which cyclists must dodge into the traffic lane will make the problem worse.

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Multi Choice

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

Adding roadway infrastructure that randomly appears to cyclists trying to navigate busy roads and streets increases the dangers to them. Forcing cyclists to make to sudden changes that result in them moving in and out of the traffic lane is extremely dangerous.

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text Ratanui Road - there have been several car accidents over the years along the bend in the road by the entrance to Otaihanga. With the new subdivision going in up the road the increase in traffic will be significant. Some measures need to be put in place to slow the traffic around this part of the road. A roundabout in to Otaihanga would make the entrance safer and slow traffic down and allow easier access to and from. Speed restrictions should also be in place, although this will not stop the boy racers and the idiots from driving off the road, destroying signs and fences and causing harm. Something needs to be done before a life is lost.

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Doesn't seem necessary. Traffic is already pretty slow in this area. There are no problems crossing McLean Street and already plenty of crossings on Marine Parade in this area. Nice to have - not a priority.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

If there is a refuge near Tahi Road, there could be a second one somewhere around Toru Road - but Tahi Road is the priority.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

On Ihakara Street, somewhere near the road out of Coastlands by Briscoes as this is where lots of people walk and there are crossings/ refuges at either end of this stretch already.
Somewhere on Rimu Road near the entrance by the medical centre.

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Doesn't seem necessary, especially as there have been no injury crashes for at least 5 years. Not a top priority. The refuge on Marine Parade works well.

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

Drivers in Kāpiti are generally pretty considerate and speed isn't a big problem on the whole. Bigger issues are some areas of quite high volumes but nowhere for pedestrians to cross. Refuges in these areas are a good option, especially Marine Parade and Rimu Road.
Speedy motorbikes on the cycleway/ walkway round the airport is a major ongoing problem. I've raised this with Council several times but nothing seems to have been done.
A pedestrian refuge somewhere near the Raumati Bowling Club so people can safely cross to and from the beach without having to turn right down to the shops. This is more important than a speed hump on Alexander Road.

No, I disagree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

There needs to be more!
There should be a full crossing to enable people to cross safely during peak hour traffic.
This road can be very dangerous and treated as a race track.

A crossing and island at a minimum.

And the rest of Ratanui road and Otaihanga road should be 50kmh considering the development that is going in. Ratanui road needs traffic calming measures for speeding cars that are constant and the numerous accidents on the corner each year.

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

Ratanui Road/ Otaihanga road - speed reduction, traffic calming measures.
Numerous accidents every year on this corner and nothing has been done about it.
Considering the amount of development in the area it’s only going to get busier and more dangerous

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice

As an individual

Q106 **Name of organisation**

Short Text

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Cross at the traffic lights or using the flush median near Starfish. Those are safest

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

There are enough of these on Guilford already. Adding more will reduce traffic flow (narrowing a main/busy road where cars park all along can also cause more accidents)

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

No, I disagree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

There are enough of these on Guilford already. Adding more will reduce traffic flow (narrowing a main/busy road where cars park all along can also cause more accidents)

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

No opinion

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Yes, I agree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

This will cause congestion for traffic carrying on down Arawhata road and make it harder for right hand turning drivers to see if the traffic is clear coming out of Tutanekai Street

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Current existing ones are fine, Rimu road also has traffic light crossings which people can use if need be.

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

Yes, I agree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text NO to 3 Speedbumps at Beachwater Grove! It is a small road with service contract vehicles with trailers parked along the road outside their homes. Eg. Post Haste, electricians and, plumbers, road contractors, trucks, lawn mowers. These are low to the ground & some have trailers on them. There is NO space available for speed bumps! These people have a right to pack outside there. Homes.
Before & after school the whole street is full of parked cars. To pick & children from school. It is chaos now as Grey Ave & Martin Rd are full too. There is no where safe to put speed bumps they would take away too much parking space!
Bicycling & electric scooters are used by college children down this Rd & speed bumps would be dangerous for them to get over!
You say cars are speeding over 60kmh how many do the same down Gilford Rd, Grey Ave, Martin Rd? They are not being made to have 3 speed bumps? Leave Beachwater Grove alone! Get the Police to Deal with the speeders & ticket them!
The school bus uses this Rd to get to Kena Kena school for activities & the wheel base is low so it would catch on the speed bumps.
Our brother has used the Ambulance 4 times this year. & neighbours have used it too, also the Fire engines use this Rd as a through Rd these vehicles are low lying & speedbumps would hinder them getting to the homes quickly!
Have you asked what they would feel about having to go over 3 speed bumps in their low lying vehicles??
Have you asked the school about the parking?
Have you driven down our Beachwater Grove at 10min to 3 to see the chaos of cars & parking? & you want to add to the difficulty we ratepayers have just to access our Rd by putting in 3 speed bumps that will add to the damage to our cars??
The answer is NO for Kathy Thomson & Kerry Bolton 11 Beachwater Grove & NO for Gary Bolton 11a Beachwater Grove!

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

We have reviewed the Paraparaumu Beach plans and think they all sound great for reducing speed in the area. However there is a huge missed opportunity to deal with the excessive speed we have on Walton Road. After living on Walton Road for 8 years, we've witnessed cars driving in excess of 80km/hr down our street because it is a thoroughfare across Donovan Road. Since having children and walking down to Paraparaumu Beach School with our daughter everyday school day, we have found it to be even more concerning. We would love to see something done at the intersection of Donovan and Walton to help reduce vehicle speeds down this street - whether that's a give way/stop sign to reflect the intersections at Donovan/Michae Re etc. or a roundabout. We would appreciate if something was sorted here in this round of updates and works given the risk to children and pets in this area.

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Corners are fine but pedestrians also need to be able to see all sides of roads. Plenty of times that drivers are not paying attention AND speeding. An area in the middle is a good idea.
Also, how about separating the bike path from the road with a white line that is higher? bicycles are on the footpath for safety from cars as it's too easy for cars to use the bike path.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

the road needs to be made wider to allow for islands, it would be better to extend the footpaths only to extend as far out as the adjacent parking spaces

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

the road needs to be made wider to allow for islands, it would be better to extend the footpaths only to extend as far out as the adjacent parking spaces

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

no it is fine as it is as both provides adequate pedestrian safety plus doesn't restrict the natural flow of road vehicles

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

No, I disagree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

the space is required here for turning large vehicles such as buses, trucks and trailers

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

need to maintain road width here first before any refuge is provided

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

No, I disagree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

this is not essential work so should be low on the list as funds are hard to source. users are typically only during the day

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

near sheffield street

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

this is a busy road and entry into Tutanekai Street is heavily used, suggest move it south of the junction where there are wider median lines already

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

near bus stops

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

No, I disagree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

width of the road should not be compromised, an island is not necessary here, just extend footpath into parking spaces on side of road

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

none there is already a signalised pedestrian crossing opposite coastlands

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice

No, I disagree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text

road isn't wide enough for a safety island here and also people park cars here as well

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice

No, I disagree

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text

there are already sufficient pedestrian lights at the road junction with Kapiti Rd, plus south of sheffield st has room in the central island for a pedestrian refuge

Q64 **Do you agree with proposed B for SC6 Our Lady of Kāpiti School?**

Multi Choice

No, I disagree

Q65 **Please explain why you disagree with proposed change B for SC6 Our Lady of Kāpiti School.**

Long Text

there are already sufficient pedestrian lights at the road junction with Kapiti Rd, plus south of sheffield st has room in the central island for a pedestrian refuge

Q66 **Do you agree with proposed C for SC6 Our Lady of Kāpiti School?**

Multi Choice No, I disagree

Q67 **Please explain why you disagree with proposed change C for SC6 Our Lady of Kāpiti School.**

Long Text there are already sufficient pedestrian lights at the road junction with Kapiti Rd, plus south of sheffield st has room in the central island for a pedestrian refuge

Q68 **Do you agree with proposed A for SC7 Paraparaumu Beach School?**

Multi Choice No, I disagree

Q69 **Please explain why you disagree with proposed change A for SC7 Paraparaumu Beach School.**

Long Text road widening not required, but move crossing point away from road iunction

Q70 **Do you agree with proposed B for SC7 Paraparaumu Beach School?**

Multi Choice No, I disagree

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text road humps are not good for road traffic, and are in force 24/7 where a variable speed limit around the school would suffice as long as it's being enforced

Q72 **Do you agree with proposed A for SC8 Kenakena School?**

Multi Choice Yes, I agree

Q73 **Please explain why you disagree with proposed change A for SC8 Kenakena School.**

Long Text

Q74 **Do you agree with proposed B for SC8 Kenakena School?**

Multi Choice No, I disagree

Q75 **Please explain why you disagree with proposed change B for SC8 Kenakena School.**

Long Text not essential work as existing refuge is fit for service, wait until it needs further work

Q76 **Do you agree with proposed A for SC10 Kāpiti Primary School?**

Multi Choice Yes, I agree

Q77 **Please explain why you disagree with proposed change A for SC10 Kāpiti Primary School.**

Long Text

Q78 **Do you agree with proposed B for SC10 Kāpiti Primary School?**

Multi Choice Yes, I agree

Q79 **Please explain why you disagree with proposed change B for SC10 Kāpiti Primary School.**

Long Text

Q80 **Do you agree with proposed C for SC10 Kāpiti Primary School?**

Multi Choice No, I disagree

Q81 **Please explain why you disagree with proposed change C for SC10 Kāpiti Primary School.**

Long Text not necessary as this is a very slow speed area and car parking is essential here

Q82 **Do you agree with proposed A for SC11 Paraparaumu School?**

Multi Choice No, I disagree

Q83 **Please explain why you disagree with proposed change A for SC11 Paraparaumu School.**

Long Text not a busy road anymore, this is not essential work and there are essential car parking spaces that will be lost

Q84 **Do you agree with proposed B for SC11 Paraparaumu School?**

Multi Choice No, I disagree

Q85 **Please explain why you disagree with proposed change B for SC11 Paraparaumu School.**

Long Text not a busy road anymore, this is not essential work and there are essential car parking spaces that will be lost

Q86 **Do you agree with proposed C for SC11 Paraparaumu School?**

Multi Choice No, I disagree

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text current crossing is fit for purpose,, this is not essential work

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice No, I disagree

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text not essential work nor is it required and will obstruct the natural flow of road traffic, use pavement as a shared path and keep off the road

Q90 **Do you agree with proposed E for SC11 Paraparaumu School?**

Multi Choice No, I disagree

Q91 **Please explain why you disagree with proposed change E for SC11 Paraparaumu School.**

Long Text not essential work at present

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text speed is already reduced here due to the sharp corner, not essential work

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice No, I disagree

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text road speed is already reduced to 30km/h during school pick up/drop off times and a 24/7 reduction in speed is not warranted, not essential work

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice No, I disagree

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text not essential work as vehicle speeds here are already slow

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text not essential work and no reduction in injuries as none have happened in last five years

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice No, I disagree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text all current main feeder roads should remain a higher speed, any new roads with housing could become 50km/h when they are built

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text concentrate on essential work only, a lot of these proposals are nice to do tweaking for little or no safety benefit that obstructs the normal flow of road traffic

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice As an individual

Q106 **Name of organisation**

Short Text

Q107 **Age Group**

Select Box 25-29

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice Yes

Q109 **If yes, which suburb?**

Select Box Paraparaumu

Q110 **Where do you live?**

Multi Choice

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Opposite star fish shop. Many people already cross that road and it will only get more congested making it difficult for pedestrians to cross, once the new development block where Hunting and Fishing will be.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Yes, I agree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

I note that these "Refuges" are just that. They are not gazetted pedestrian crossings.
I am increasingly concerned about the growing confusion for the public about what is an official pedestrian crossing. For instance the raised parts on Marine parade near MacLean st are not all gazetted crossing yet motorists are uncertain about whether they must stop or not. Keep it simple: Pedestrain crossing are marked as per gazetted requirements. Everything else is just a speed bump!

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Yes, I agree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

I do believe that there should be a crossing for schools kids near their schools. Is there one for those attending Paraparaumu College? I don't see any near the bus stop.

I would also like to see fewer Speed Bumps in the road. The speed zones should speak for themselves. No need to potentially wreck the suspension for cars and emergency vehicles on unnecessary bumps in the road!

Long Text

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Removal of the left turn slip lane from Arawhata road will make it much more difficult for drivers turning right from Tutanekai street into Arawhata Road. This intersection is very busy and often motorists can be stuck there for a long time waiting for the road to clear. Having the long slip lane encourages drivers coming from Mazengarb to move over and indicate early so drivers leaving Tutanekai can exit the road.

I make this turn on a daily basis and if the road is narrowed, drivers coming from Mazengarb direction are less likely to indicate early, leaving drivers waiting at Tutanekai for much longer than we currently do.

I do however 100% agree that we need a pedestrian refuge along Arawhata road, there are no safe places for pedestrians to cross. The spot you have picked is the best place, but I believe it can be adjusted to accommodate the slip lane remaining.

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text I agree with the speed hump in Amohia street, on the proviso that it is a gentle hump rather than a sharp juddery bump. Care needs to be taken to grade it properly as the road is sloped rather than flat.

As for the one in Tutanekai street, I do not agree. There is not enough space to place it without removing existing parking spots and causing drivers to park in more ridiculous places.

It is already an issue at the intersection of Tutanekai and Aorangi road where cars park on both sides of the road and only one vehicle can pass in one direction. Adding in a speed hump will cause even more congestion and will impede the smooth flow of traffic.

The only way I would consider accepting it would be if yellow lines were added on one side of Tutanekai street between Aorangi road and the entrance to the hospital.

In addition, adding a speed hump there may incentivise people to use it as a pedestrian crossing, rather than walking to a safer place to cross.

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text: Thanks for your work.
I think that 30km/hour 1km around schools is too far, motorists will get fatigue and not be very careful when they are closer to school and a higher density of cars and children.
Monitoring of parking times must be enforced ,

Long Text Removing this infrastructure without introducing any alternative safety measures will significantly increase risks for vulnerable road users.
Please consider the following critical points regarding this crossing:
High-Volume Community Use: This crossing is a vital link for our community. It is heavily used by tamariki and families accessing the local school, kindergarten, rugby club, and BMX club.
Existing Road Hazards: The crossing is located on a fast section of road with a corner that severely limits driver visibility.
Traffic Calming and Protection: The current refuge island serves two vital safety functions. It physically narrows the road to naturally slow down speeding vehicles, and it provides a literal refuge - a safe, dedicated mid-point for children to halt if an approaching vehicle is traveling too fast.
Increased Risk to Children: Removing this island removes the physical protection currently keeping our children safe.
Doing so creates a continuous, uninterrupted roadway that will encourage higher speeds while leaving pedestrians entirely exposed.
The current refuge island is functioning effectively and is not causing traffic issues. Removing it without a superior safety replacement is a step backward for community safety. I strongly urge the council to retain the refuge island or upgrade the site with the intent to protect our tamariki.

Long Text

I support the proposed changes, specifically relocating the current busstops outside the retirement village and better road crossing provision. Consideration should also be given to improved lighting and shelter at the bus stops after a number of recent incidents where young children have been bullied and items stolen.

School Zones Consistency. As a former teacher and long-time resident in the area, I note that the draft plan for each school zone appears to be different. Some warrant lights, some traffic refuges and some just humped pedestrian crossings. Yet the issues remain the same, large numbers of inexperienced and easily distracted road users crossing at busy times of the day, often with only the guidance of road crossing patrols, who are children themselves. The duty teachers are also prone to distraction, parents or children requiring their attention or footpath activities rather than what is going on at the road crossing. I suggest, standardised reduced speed zones, lights at each crossing, raised crossings and potentially pavement bars that channel pedestrians to formal crossing points. Raumati Beach school is a prime example of poor road and crossing design. Highlighted by the fact that the speed zone continues to be 50 KPH, while around the corner opposite the bowling green it is 30 KPH with flashing lights warning of the need to reduce speeds. It is time we started to value our young.

Multi Choice No, I disagree

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text Speed humps are a crude way to enforce a speed limit of about 10 kph over a distance of 1metre or so, on a road which has already been assigned a safe speed limit. This can cause an erratic traffic flow and adds a major distraction to what is otherwise safe driving. Any real or imagined improvement in road safety is more than undone by these disadvantages.

Long Text

Q104 Is there anything else you'd like us to consider for future Speed Management Plans?

Long Text

Para 3: “By packaging interventions into larger programmes of work, we can improve efficiency and achieve better value for money compared to delivering projects individually, while contributing to broader road safety outcomes and network performance.” I fully support KCDC’s alignment with this principle of work.

page 9: The role of the Safety System. I support KCDC’s adoption of these principles, but please note the following: table 3, line 2, col 2. “…Surfaces will be improved, and roadside hazards removed…”. Installing speed humps degrades rather than improves the road surface. Speed humps are a crude way to enforce a speed limit of about 10 kph over a distance of 1metre or so, on a road which has already been assigned a safe speed limit. This can cause an erratic traffic flow and adds a major distraction to what is otherwise safe driving. Any real or imagined improvement in road safety is more than undone by these disadvantages.

page 12: Kāpiti Coast District Council Speed Management Plan, Pathways Network Plan: bullet point 1 “connecting gaps in the walking network to provide safe access to key destinations”. The following two locations should be considered as fitting in with this plan, they are both well used by dog walkers and schoolkids:
1. the end of Nathan Avenue east of Falla Street to Golf Road has a blind bend with no footpath.
2. Golf Road at the Nathan Avenue junction also has a blind double bend, and must be crossed to reach the footpath on the East (golf course) side.

Road Corridors
page 30: Concept Plan 1 – Marine Parade – Proposed A and D
Both propose replacing raised safety platforms with raised zebra crossings.
I fully support these proposals. The safety of all road users is improved where priorities are clearly shown; raised safety platforms rely too much on pedestrians and drivers somehow communicating with each other in order to establish who is giving way to whom.

page 32: Concept Plan 2 – Ocean Road
“proposed pedestrian splitter island on Ocean Road approach to Marine Parade to reduce the width of road that pedestrians must cross and the speeds at which motorists enter/exit Ocean Road.”
I fully support this proposal.

page 33: Concept Plan 3 – Mazengarb Road - Proposed A – “suggested location of pedestrian refuge…”
I support this proposal, but would like to add this point for consideration:
At certain times, especially during the morning school rush, a lot of traffic is turning right out of Walton Road onto Mazengarb Road. It is currently possible to use the flush median to merge with the traffic traveling SW on Mazengarb towards the college, but this may not be a safe option with a pedestrian refuge so close. Consequently, it may be an idea to remove the median markings from that section of road, or move the pedestrian refuge 100m or so SW, to somewhere between the bus stops and the cell tower.

page 33: proposed B - Add lighting to the existing pedestrian refuge
I fully support this proposal.

page 40: Concept Plan 6 – Arawhata Road and Tutanekai Street - proposed kerb widening and pedestrian refuges
I support this proposal, but would like to add this point for consideration:
When turning right out of Tutanekai Street I use the flush median on Arawhata Road to merge with the traffic traveling NE. This may not be safe to do with a pedestrian refuge in place, so it may be an idea to remove the median markings from that section of road.
On a grander scale, this junction might warrant being replaced with a mini roundabout.

School Zones
page 59: Concept Plan 3 – Raumati Beach School - Proposed A - “Reconstruct the existing pedestrian crossing on a raised safety platform…”
I fully support this proposal. A further improvement may be to extend the 30k zone East at least as far as this crossing, or as far as the access to Te Raukura ki Kapiti.

page 60: Concept Plan 4 – Kāpiti College - Proposed A – “Remove two car parks and build a kerb extension…”
I fully support this proposal.

page 64: Concept Plan 6 – Our Lady of Kāpiti School - Proposed intersection improvements:
1. near Sheffield Street
2. near Birmingham Street
3. near Manchester Street
“Slow the speed that right turning motorists enter the side road from Te Roto Drive. Reduce the width that pedestrians have to cross by constructing pedestrian splitter islands supplemented by kerb crossing ramps and upgrade lighting”
I fully support these proposals.

page 66: Concept Plan 7 – Paraparaumu Beach School - Proposed A: Intersection improvements

I fully support these proposals
page 66: Proposed B “Construct three speed humps with lighting on Beachwater Grove to reduce motorists travel speed”
I am opposed to this proposal for the reasons given in General Remarks above.

Concept Plan 10 – Kāpiti Primary School
page 72: Concept Plan 10 – Kāpiti Primary School - “Upgrade pedestrian crossings on Iver Trask Place”
I fully support this proposal.

Recreational Zones
page 91: Concept Plan 1 – Raumati Village - Proposed speed humps to reduce motorists travel speed:
A opposite 7 Alexander Road and B opposite 19 Matatua Road
I often use Matatua Road, and therefore strongly oppose implementation of part B for the reasons given in General Remarks above.

Recreational Zone Concept Plan 3 – Tutanekai Street
page 93: Cocept Plan 3 – Tutanekai Street - Proposed A “Construct two speed humps to reduce motorists travel speed...”
I am opposed to this for the reasons given in General Remarks above.

Speed Limits
page 106: Concept Plan 1 - Marine Parade (Howell Road to Kāpiti Road - Proposed A “Extend the existing 30km/h speed limit”
I fully support this proposal.

page 114: Concept Plan 3 - Main Road (Hemi Street to Hadfield Link Road) - Proposed A “Reduce the speed limit from 100km/h to 80km/h”
I fully support this proposal.

Speed Limit Concept Plan 13 – Paraparaumu/Raumati UTA Urban Traffic Area extension
pages 128/129: Main Road (Hemi Street to Hadfield Link Road) - Proposed A “Include this area in the existing Urban Traffic Area (UTA)...”
I fully support this proposal. Maybe even extend the 50k zone on Otaihanga Road as far as the rail crossing, so as to include the transfer station, green waste, and car museum access roads.

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

Yes please. I am concerned for our large elderly population and those with visual and physical disabilities. I note that in Waikanae and Paraparaumu the lack of cross walks with a zebra crossings around rest homes and major crossings to shops and bus stops that do not have lights with crossings or a zebra crossing. Some elderly folks must walk quite a distance to find a zebra crossing to safely cross the road as they may struggle with seeing on coming fast approaching traffic or do not have the ability to cross at a normal pace. Also of note is the lack of sidewalks on some of our main roads which have rest homes. How does a physically or visually impaired person walk on uneven grass quite a distance safely to be able to cross the road safely?

I believe this is a major risk and given our high proportion of elderly in the Kapiti I can’t understand this major oversight.

If you are elderly or disabled physically and cross slowly and are visually impaired you cannot see down the road that there is approaching cars. Secondly there are not cross walks on both sides of some major roads so what do those who have to use a walking frame or wheelchair do if there is no safe place to cross? For elderly every time they fall due to uneven paths or lack of paths or trying to cross a main road that has no cross walks it raises their mortality rate. Basically a fall can kill an elderly person. That is a well known fact for those who work in healthcare. Falls kill!

So please those of you whom make decisions, get out and have a look at where our rest homes are and ask yourself, can they safely cross the road? Is there a sidewalk that they can safely walk on to get to a safe place to cross which in some instances there aren’t any safe crossings for visually impaired for long distances. If it was your precious elderly family would you be happy with the risk they may be in when trying to stay mobile and get out in our community when they can’t safely cross a street or even walk down a road?

I am aware that the Vision Impaired representative did meet with a council member to show them the issue but nothing happened, no change no feedback.

It’s just not good enough. Please meet with and seek advice from some of our elderly groups and vision impaired groups to get feedback as they often do not see these emails or cannot work their phones/computers to complete the feedback. Be proactive in seeking feedback from vulnerable groups. Children have parents who can speak for them hence all the safety around school zones well what about our elderly and safety around rest homes or areas with high proportion of elderly.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice

As an individual

Response No: 66

Contribution ID: 24812
Date Submitted: Aug 26, 2026, 10:13 AM

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice: No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text: Stop placing concrete/raised mediums on roadways. These cause damage to vehicles as they are seldom built to travers at the allocated speed limit in the are.
Pedestrian crossings don't give priority to pedestrians over vehicles. They are a safe place to cross after ensuring the way is clear. Currently pedestrians seem to follow your advice that they have priority and just walk out without looking for danger.
If pedestrian crossings have priority then cars have priority when crossing a footpath where an access is for driveways.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text: None. once again all these so called refuge islands are yet again something for motorists to hit and cause damage to vehicles. Place a pedestrian crossing or nothing.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice: No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text: Pedestrian crossing without raised areas. Stop wasting money on supposed traffic calming.

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice: No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text: no more concrete!

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice: No, I disagree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text: No more islands in the middle of roads. These have other consequences that seem to be overlooked. Another concrete island to hit and damage suspension. No side streets left to do a u turn thus forcing people to u turn on Marine Parade damaging to already poor road surface.

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice: No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text: No more concrete. Pedestrian crossings or nothing

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice: Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text:

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice No, I disagree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text People don't use the shared paths that are in place now so why more? Kapiti road is a perfect example. KCDC built a shared path and left existing cycle lanes in, so cyclists continue to use the road rather than shared path. Soon someone will die at the on ramp north from Kapiti road Expressway traveling from the beach.

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

No matter where you put a pedestrian crossing, people will continue to cross as they do now. People are too lazy to walk 10 metres to a crossing when they can go straight across where ever they are.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text Stop narrowing street. Use pedestrian crossings where appropriate but not raised.

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

No more concrete, Plain pedestrian crossings nothing raised.

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice No, I disagree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text Flat Pedestrian crossings only. Roads in Kapiti are already too narrow.

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Flat pedestrian crossing. Roads in Kapiti are already too narrow

Multi Choice Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text The driveway parallel to Kapiti Road from the BP station to Te Roto Drive should be one way with the entrance at Te Roto Drive and exiting via Te Roto Drive and trying to turn right all Te Roto Drive put their life in their hands judging the traffic signal phase.

Could the Council change the speed limit from the traffic lights at Amohia Street and SH1 until after Kapiti Primary School. Also, a roundabout and give way signs entrance to Epiha Street would slow traffic making the turn into Epiha Street railway carparking safer. It is currently a blind spot.

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

This area is already well served with pedestrian crossings.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

Outside Kāpiti Rest Home. Do not use kerb protrusions - they will cause cyclists to swerve into path of motor vehicles.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

This area is already well served with pedestrian crossings. Please do not persist with this nasty fad for speed humps and raised pedestrian crossings. They are of no benefit to pedestrians and serve only to annoy motorists. Creating droves of angry motorists is not conducive to road safety. I would prefer to see many thousands of dollars saved by not pursuing these un-necessary projects spent on reducing the council's debt.

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Yes, I agree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

It would make the road more dangerous for cyclists.

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Un-necessary.

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Yes, I agree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Un-necessary.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice Yes, I agree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Un-necessary

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice Yes, I agree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Un-necessary. Pedestrian refuges already exist in Rimu Road and Ihakara Street.

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice No, I disagree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text Install a pedestrian refuge just south of the Ihakara roundabout to prevent vehicles turning right into takeaway coffee stall.

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice No, I disagree

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text Un-necessary

Q64 **Do you agree with proposed B for SC6 Our Lady of Kāpiti School?**

Multi Choice No, I disagree

Q65 **Please explain why you disagree with proposed change B for SC6 Our Lady of Kāpiti School.**

Long Text Un-necessary

Q66 **Do you agree with proposed C for SC6 Our Lady of Kāpiti School?**

Multi Choice No, I disagree

Q67 **Please explain why you disagree with proposed change C for SC6 Our Lady of Kāpiti School.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

Yes.
1. Reduce speed on Marae Lane, Waikanae, from 50 to 40km/h. Many older drivers using the adjacent carparks, especially the Woolworth's Carpark and the street corner carpark, and often there are small traffic jams associated with this traffic and traffic stopped at the pedestrian crossing by the doctor/chemist.
2. Do something at the intersection at Omahi Street/Ngaio Road/Marae Lane. There are many pedestrians crossing from both sides of Omahi Street towards Marae Lane and traffic doesn't slow down. As you will know, recently a lady died after being hit by a car at this intersection. You may be able to straighten Omahi Street and Marae Lane and install a small roundabout with a pedestrian crossing.

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

I can certainty understand the need for this as residents who reside across the road and on the streets off Marine Parade would find this useful however, situating it where you are intending to has a massive impact to the members of the public parking here, as this is where the lovely track running long the beach front commences. Also, this has an impact on those who are coming to visit their family / friends at the busy Marine Parade Rest Home. Or, taking them out. In all the years I have resided here, I have not witness it be difficult for people to make their way across the road. Nor am I aware of any accidents involving pedestrians.
And most importantly for myself, having this RC1 in place would have a direct impact on access to my property as I would no longer be able to reserve my boat down my driveway. Therefore I would no longer be able to store it at my home. And as someone who pays $8,000 per year, I would like to be able to access my property as i need to.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

If you do put this in place, I think it would be better suited further north. Away from the rest home, further away from the corner of Wharemaku Road and also having it further North gives the residents on Rua Road closer access.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

I think it is not necessary for this area. My suggestion would be to have a reduced speed zone in this area as that way you are not just protecting pedestrians. But you are protecting, cyclist who share this road.

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text ok team, why have you overcomplicated everything? We only need at most 4 speed zones on Council-managed roads 80k (preferably 70k), 50k, 30k and 10k. Saves money, reduces confusion and therefore increases compliance, and makes policing far easier. PS: almost all of our domestic-dwelling roads could be set at 30k without making any significant difference to travel times - just a few "main" roads at 50k like Kapiti Road - (by all means go get it modelled but please don't pay stupid money for it - could be a lovely Masters project for an Operations Research student at Massey or Vic - if you don't already know the answer)

Long Text Unnecessary

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text This is an outrageous proposal for a waste of money. No accidents equals no interventions needed!

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice No, I disagree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text This is a stupid idea to slow traffic because we might get urban development? Get the development and then look at it

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text Traffic management in kapiti appears to be focussed on obstructing traffic flows rather than creating orderly expeditious flow. Better investment would be to study how traffic on kapiti road can be expedited by getting the traffic lights to have integrated phasing or remove them and install more roundabouts.

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

This submission is made in my capacity as the owner and occupier of [redacted]. Although I am an elected member of the Kāpiti Coast District Council, I am making this submission solely as a resident and directly affected property owner.

Firstly, I support the objective of improving safety for pedestrians and cyclists along Ratanui Road. I recognise that, with existing users and the proposed Summerset Otaihanga retirement village, there will be increased demand for safe pedestrian and cycle connections in this area.

My concerns relate to the effects of locating the proposed pedestrian crossing facilities, associated shared path and street lighting immediately outside my property, and whether those effects have been fully assessed.

At present there is no formed footpath along the frontage of [redacted], with pedestrian infrastructure currently located on the opposite side of the road. The proposed design represents a significant change to the immediate environment of our property through the introduction of pedestrian crossing facilities, widened shared-path infrastructure and new street lighting directly adjacent to our frontage.

While I understand the safety benefits of these improvements, I ask that Council also carefully consider the impact on the amenity of the adjoining residential property.

In particular, I request that Council address the following matters before the design is finalised:

* Has an assessment been undertaken of the effects of the proposed streetlight on the adjoining dwelling, including potential light spill into living areas and bedrooms?
* Can the streetlight location, height, shielding or luminaire type be modified to minimise light spill while still achieving the required safety outcomes?
* Has an assessment been undertaken of the additional noise likely to arise from the changed road environment, including vehicles slowing, stopping and accelerating at the crossing, increased pedestrian and cyclist activity, and the interaction with the expected increase in traffic associated with the proposed Summerset Otaihanga retirement village?
* Has the cumulative effect of these changes on the amenity of [redacted] been assessed?
* If these assessments have already been undertaken, I respectfully request that they be made publicly available as part of this consultation, or provided to affected property owners, so that the basis for the proposed design can be understood.
* If these assessments have not yet been completed, I request that they be undertaken before the design is finalised.

I would also ask Council to confirm whether the expected pedestrian movements associated with the proposed Summerset Otaihanga retirement village were taken into account when selecting the location of the crossing. If so, I request that the anticipated increase in pedestrian and vehicle activity associated with the retirement village also be considered when assessing the effects on neighbouring properties.

Our household has circumstances that make these matters particularly important. My wife regularly works late evening shifts and therefore sleeps during normal daytime hours. I also operate a home office from the property, where I undertake video conferences, telephone calls and audio and video recording. Consequently, both construction activity and any permanent increase in noise or light associated with the new road layout have the potential to affect the normal use and enjoyment of our home.

I have separately requested that our driveway be relocated as part of these works, and I appreciate Council's consideration of that request. However, that request is independent of the concerns raised in this submission regarding the broader effects of the proposed crossing, shared path and street lighting immediately outside our property.

I support improving safety along Ratanui Road. My request is simply that, where new public infrastructure is proposed immediately adjacent to an existing dwelling, the effects on that property's amenity are properly assessed and, where practical, mitigated through the detailed design.

I also ask that Council engage directly with the owners of [redacted] during the detailed design phase so that opportunities to minimise adverse effects through the final positioning of the crossing, shared path, street lighting and associated infrastructure can be fully explored while still achieving the project's safety objectives.

Thank you for considering my submission.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice

As an individual

Q106 **Name of organisation**

Short Text

Q107 **Age Group**

Select Box 50-54

Q108 **Do you live in or own a property in Kāpiti**

Multi Choice Yes

Q109 **If yes, which suburb?**

Select Box Paraparaumu

Q110 **Where do you live?**

Short Text

Response No: 83

Contribution ID: 24759
Date Submitted: Aug 08, 2026, 03:51 PM

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

I support this. The raised platform already exists, so no new vertical deflection is being added and the cost should be limited to marking and signage.
Giving pedestrians formal legal priority at a location where the physical treatment is already in place is a sensible, low-cost improvement. The programme should contain more proposals of this kind.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

Refuges should be concentrated at the points where people are already crossing to reach the shared path and beach. The road ends at Tahi, Rua and Toru Roads are the obvious desire lines, and the crossing serving the Kāpiti Rest Home should be a priority given the mobility of those users.
Marine Parade is wide enough to take a central island without reducing lane width, and that is the condition on my support.
I would rather see three well-placed refuges than six marginal ones, and I ask that each be individually costed.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

I support this in principle. On a road of this width a central refuge is a sensible and proportionate treatment, and the wait-time reduction argument set out in Table 9 of the plan is sound. My support is conditional on two things: that Council publishes the cost of this specific installation, and that the refuge is built within the existing carriageway width rather than by narrowing traffic lanes.

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

I support extending the shared path from the roundabout and I oppose the raised zebra crossing.
Raised platforms impose a permanent penalty on all traffic and carry ongoing maintenance cost. An at-grade zebra crossing with good lighting and clear approach visibility achieves pedestrian priority without vertical deflection, at lower capital and whole-of-life cost.
These two elements should be separated so they can be assessed and funded independently. No cost has been published for either.

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

No, I disagree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing.
Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.
The stated dual purpose is to shorten the crossing distance and to slow motorists entering and exiting Ocean Road. Those are different objectives with different justifications, and neither is evidenced here. If a crossing point is needed, provide a refuge without narrowing the entry.

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text I support this in principle. On a road of this width a central refuge is a sensible and proportionate treatment, and the wait-time reduction argument set out in Table 9 of the plan is sound. My support is conditional on two things: that Council publishes the cost of this specific installation, and that the refuge is built within the existing carriageway width rather than by narrowing traffic lanes.
I note that Council has already ruled out refuges at other locations on this road because insufficient lane width would remain for vehicles and cyclists to pass safely. That is exactly the right test, and it should be applied consistently to every refuge and narrowing proposal in this plan.

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice No, I disagree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text I support this. Lighting is low cost, imposes no penalty on any road user, and addresses night-time risk directly at a facility that already exists. Proposals of this type should be prioritised ahead of the vertical deflection and carriageway narrowing works in the programme.

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice No, I disagree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text I support this in principle. It connects an existing shared path to an existing footpath and serves a preschool and a proposed retirement village, so the demand is real and will grow.
My support is conditional on the cost being published, and on the footpath widening being taken from the berm rather than the carriageway.
I note the plan states the adjacent vehicle crossing will be constructed by the resident. That should be confirmed in writing before Council commits to the works.

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Formalising crossings where people already cross is the correct approach. It follows demand rather than creating it, and it uses infrastructure that is largely already in place.
The clear priorities on Te Roto Drive are the median islands serving the shops, cafés and gyms mid-block, the Kāpiti Day Hospital, and the Kāpiti Village retirement complex, where users are least mobile.
Formalising existing islands should be markedly cheaper than new construction, and I ask Council to publish that cost so ratepayers can see it. I support formalisation; I do not support adding vertical deflection at these points.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text I do not support this as packaged. The Arawhata Road refuge is conditional on removing the left turn slip lane into Tutanekai Street, which means accepting a permanent reduction in intersection capacity on a busy arterial to gain one crossing point.
That trade-off has not been quantified. No queue analysis, delay analysis or cost analysis is presented.
I would support a crossing facility here if Council can show it can be provided without removing the slip lane, or can quantify the delay cost of doing so and demonstrate that the safety benefit exceeds it.

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Guildford Drive serves two schools and two retirement villages, so both the youngest and the least mobile road users are present.
Refuges should be placed at the bus stops and on the direct lines between the retirement villages and the shops, which is where crossing demand is concentrated and where the consequence of a long wait is greatest.
Guildford Drive is wide enough to accommodate central islands without narrowing traffic lanes, and that should be the condition on any installation. Please publish a cost for each proposed island.

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice No, I disagree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text I support this in principle. On a road of this width a central refuge is a sensible and proportionate treatment, and the wait-time reduction argument set out in Table 9 of the plan is sound. My support is conditional on two things: that Council publishes the cost of this specific installation, and that the refuge is built within the existing carriageway width rather than by narrowing traffic lanes.

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

The priority locations are the crossings serving the Coastlands retail area, the school, and the Coastal Villages retirement home, where crossing demand is highest and users are least mobile.
I note the plan already commits to assessing practicality against adjacent driveways and all road users. That assessment should be published, not just promised.
Rimu Road is wide enough for central islands without lane narrowing, which is the condition on my support. This is also flagged as Pathways Network Plan Priority 14, so the cost apportionment between the two programmes should be made clear.

Q60 **Do you agree with proposed change B for RC8 Rimu Road?**

Multi Choice No, I disagree

Q61 **Please explain why you disagree with proposed change B for RC8 Rimu Road.**

Long Text I support this in principle. On a road of this width a central refuge is a sensible and proportionate treatment, and the wait-time reduction argument set out in Table 9 of the plan is sound. My support is conditional on two things: that Council publishes the cost of this specific installation, and that the refuge is built within the existing carriageway width rather than by narrowing traffic lanes.
I note the concept plan also proposes relocating a bus stop as part of this work. That should be separately identified and costed, and the affected users consulted.

Q62 **Do you agree with proposed A for SC6 Our Lady of Kāpiti School?**

Multi Choice No, I disagree

Q63 **Please explain why you disagree with proposed change A for SC6 Our Lady of Kāpiti School.**

Long Text I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing. Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.

Q64 **Do you agree with proposed B for SC6 Our Lady of Kāpiti School?**

Multi Choice No, I disagree

Q65 **Please explain why you disagree with proposed change B for SC6 Our Lady of Kāpiti School.**

Long Text I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing. Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.

Q66 **Do you agree with proposed C for SC6 Our Lady of Kāpiti School?**

Multi Choice No, I disagree

Q67 **Please explain why you disagree with proposed change C for SC6 Our Lady of Kāpiti School.**

Long Text I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing. Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district

with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.
Three consecutive side-road intersections on the same corridor are proposed for identical treatment, with no site-specific evidence distinguishing them and no cost published for any of them. Council should treat the single highest-risk intersection, monitor it, and report the result before committing to the other two.

Q68 **Do you agree with proposed A for SC7 Paraparaumu Beach School?**

Multi Choice No, I disagree

Q69 **Please explain why you disagree with proposed change A for SC7 Paraparaumu Beach School.**

Long Text I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing.
Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.
On the data presented: the concept plan records 2,300 vehicles over seven days on Walton Road — approximately 330 a day — of which 33 exceed 60 km/h, or about 10 per cent. That does not establish a case for permanent reconstruction of the intersection.

Q70 **Do you agree with proposed B for SC7 Paraparaumu Beach School?**

Multi Choice No, I disagree

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text I support the lighting element and I oppose the three speed humps.
I do not support speed humps at this location. No site-specific cost or benefit-cost ratio has been published for this proposal, so the spend cannot be assessed. Speed humps impose a permanent penalty on all traffic at all hours to address a risk that is intermittent. They are uncomfortable and in some cases painful for older drivers and passengers, they slow emergency and service vehicles, and they carry ongoing maintenance cost. Before committing to construction, Council should publish the measured speed data for this site — including the survey location, the survey dates, and the distribution of recorded exceedances by hour of day — together with the site cost and the lower-cost alternatives considered, such as signage, road marking, lighting and enforcement.
Beachwater Grove is a short residential street. No volume or speed data is presented for it at all, yet three speed humps are proposed. Council should publish a speed survey for this street before constructing anything, and should separate the lighting element so it can proceed on its own merits.

Q72 **Do you agree with proposed A for SC8 Kenakena School?**

Multi Choice No, I disagree

Q73 **Please explain why you disagree with proposed change A for SC8 Kenakena School.**

Long Text I support this. It closes a genuine gap between a bus stop and the existing footpath, adds pedestrian capacity without reducing road capacity, and is low cost. Please publish the cost.

Q74 **Do you agree with proposed B for SC8 Kenakena School?**

Multi Choice No, I disagree

Q75 **Please explain why you disagree with proposed change B for SC8 Kenakena School.**

Long Text I do not support removal. If the refuge is too small to hold several pedestrians, the answer is to enlarge it, not to remove the only protection at that crossing point.
Donovan Road is wide enough that a properly sized refuge should be achievable. Removing pedestrian infrastructure from a school frontage, in a plan whose stated purpose is improving pedestrian safety, requires better justification than has been given.
No cost is published for either removal or replacement.

Q76 **Do you agree with proposed A for SC10 Kāpiti Primary School?**

Multi Choice No, I disagree

Q77 **Please explain why you disagree with proposed change A for SC10 Kāpiti Primary School.**

Long Text

I support this. The concept plan describes upgrading existing raised safety platforms to marked zebra crossings, which gives pedestrians formal priority at a location where the physical treatment already exists.
No new vertical deflection is added and the cost should be limited to marking, signage and lighting. Please confirm that is the case and publish the figure.

Q78 **Do you agree with proposed B for SC10 Kāpiti Primary School?**

Multi Choice

No, I disagree

Q79 **Please explain why you disagree with proposed change B for SC10 Kāpiti Primary School.**

Long Text

I support this. A new footpath closing a gap in the walking network adds pedestrian capacity without reducing road capacity, at modest cost. Please publish the cost and confirm the footpath is built within the existing berm.

Q80 **Do you agree with proposed C for SC10 Kāpiti Primary School?**

Multi Choice

No, I disagree

Q81 **Please explain why you disagree with proposed change C for SC10 Kāpiti Primary School.**

Long Text

I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing. Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.
The stated purpose of this item is to prevent vehicles parking adjacent to the pedestrian crossing where they restrict visibility. That is a parking problem and it has a parking solution — broken yellow lines, at a cost of a few hundred dollars, enforceable immediately.
Building a permanent kerb extension to achieve what a road marking achieves is not a proportionate use of ratepayer funds.

Q82 **Do you agree with proposed A for SC11 Paraparaumu School?**

Multi Choice

No, I disagree

Q83 **Please explain why you disagree with proposed change A for SC11 Paraparaumu School.**

Long Text

I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing. Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.

Q84 **Do you agree with proposed B for SC11 Paraparaumu School?**

Multi Choice

No, I disagree

Q85 **Please explain why you disagree with proposed change B for SC11 Paraparaumu School.**

Long Text

I support the lighting and kerb ramp elements of this proposal and I oppose the carriageway narrowing. Permanently reducing lane width and tightening intersection geometry makes the road harder to use in a district with an older-than-average driving population, and where the existing footpath is already adequate it delivers very little. If the underlying problem is visibility at the corner, address the obstruction — parking restrictions, vegetation clearance, lighting — which is far cheaper than rebuilding the kerb line. No cost has been published for this item, so its value cannot be assessed.
This is also flagged as Pathways Network Plan Priority 1. Where a project is funded under two plans, the cost apportionment should be disclosed so ratepayers can see the total and so double-counting is avoided.

Q86 **Do you agree with proposed C for SC11 Paraparaumu School?**

Multi Choice

No, I disagree

Q87 **Please explain why you disagree with proposed change C for SC11 Paraparaumu School.**

Long Text

I support this. Enlarging an existing refuge to hold the number of pedestrians actually using it improves safety without adding vertical deflection or reducing road capacity, and should be low cost since the island is already in place. Please publish the cost.

Q88 **Do you agree with proposed D for SC11 Paraparaumu School?**

Multi Choice

No, I disagree

Q89 **Please explain why you disagree with proposed change D for SC11 Paraparaumu School.**

Long Text

The concept plan for this item includes a new cycle lane, relocation of an existing signalised island, and a new kerb ramp. Those are three separate works with three separate justifications, bundled into a single question, with no cost given for any of them.
I support the kerb ramp. I cannot support the package as presented without seeing the cost of each element and the evidence for the island relocation.

Q90 **Do you agree with proposed E for SC11 Paraparaumu School?**

Multi Choice

No, I disagree

Q91 **Please explain why you disagree with proposed change E for SC11 Paraparaumu School.**

Long Text

I support this. Kerb ramps are low cost, improve accessibility for wheelchair users, prams and mobility scooters, and impose no penalty on other road users. This is a straightforward improvement and should proceed.

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice

No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text

I do not support speed humps at this location. No site-specific cost or benefit-cost ratio has been published for this proposal, so the spend cannot be assessed. Speed humps impose a permanent penalty on all traffic at all hours to address a risk that is intermittent. They are uncomfortable and in some cases painful for older drivers and passengers, they slow emergency and service vehicles, and they carry ongoing maintenance cost. Before committing to construction, Council should publish the measured speed data for this site — including the survey location, the survey dates, and the distribution of recorded exceedances by hour of day — together with the site cost and the lower-cost alternatives considered, such as signage, road marking, lighting and enforcement.
The stated concern is that motorists reverse into the roadway with limited visibility near the Memorial Hall and childcare centre. That is a parking layout and sight-line problem. Reorganising the parking, restricting parking where it blocks visibility, and improving lighting address the actual cause at a fraction of the cost of vertical deflection.
No traffic volume or speed data is presented for this site.

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice

No, I disagree

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text

I do not support speed humps at this location. No site-specific cost or benefit-cost ratio has been published for this proposal, so the spend cannot be assessed. Speed humps impose a permanent penalty on all traffic at all hours to address a risk that is intermittent. They are uncomfortable and in some cases painful for older drivers and passengers, they slow emergency and service vehicles, and they carry ongoing maintenance cost. Before committing to construction, Council should publish the measured speed data for this site — including the survey location, the survey dates, and the distribution of recorded exceedances by hour of day — together with the site cost and the lower-cost alternatives considered, such as signage, road marking, lighting and enforcement.
The concept plan's own data undercuts this proposal. On Percival Road, 7 vehicles a day out of approximately 195 exceed 60 km/h — under 4 per cent. On Donovan Road it is 30 out of approximately 232, around 13 per cent.
Five speed humps across two streets, to influence 37 vehicle movements a day, is not a defensible use of ratepayer funds. This is the largest single hump installation in the recreational zone programme and it has among the weakest supporting data.

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice

No, I disagree

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

I do not support this. The proposal is marked unsubsidised, so the full cost falls on ratepayers with no NZTA funding assistance, and no cost figure is published.
No traffic volume or speed data is provided for this site. Three speed humps at a cemetery entrance, where vehicles are already travelling slowly for obvious reasons, is not a justifiable priority when the plan also contains unfunded footpath gaps and lighting upgrades that would deliver more safety per dollar.
Table 11 of the plan records that Awa Tapu Cemetery was excluded from the resident pre-consultation. This proposal should be removed.

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice

No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

I do not support this reduction. Council's own concept plan records no reported injury crashes at this site between 1 February 2021 and 30 April 2026. A speed limit should be lowered where there is demonstrated, unacceptable risk to life, not as a default position and not to align the posted limit with the speeds drivers already choose. Reducing the limit in the absence of a crash problem imposes a travel time cost on every road user for no measurable safety gain, and no benefit-cost ratio has been published for this proposal.
The stated justification is adjacency to a recreational reserve with a skate park and basketball court. Recreational land use beside a road is not in itself evidence of unacceptable risk, and there have been no reported injury crashes here in over five years.
If the concern is children crossing to the reserve, provide a crossing facility at the point where they cross, rather than extending a 30 km/h limit over 175 metres of Marine Parade and 120 metres of Howell Road.

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

No, I disagree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

I support this. A new subdivision road defaulting to 100 km/h is plainly wrong, and setting a 50 km/h default across the growth area is sensible forward planning at negligible cost. This should not, however, be treated as endorsement of any further reduction below 50 km/h within the extended area without site-specific justification.

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

Traffic survey methodology
Every recreational zone proposal that cites data does so as a single pair of figures for an entire road — a seven-day travel volume, and a count of vehicles per day exceeding 60 km/h. Nothing is disclosed about where on the road the survey was taken, over what dates, or how the recorded exceedances are distributed across the day.
That omission is decisive, not technical. These treatments are justified as protecting people using reserves, parks, beaches and cemeteries — activity that occurs in daylight and, for reserves and parks, largely at weekends and after school. If the recorded speeding is concentrated in evening and overnight hours, when the road is empty and drivers face no opposing traffic, then the speeding and the pedestrian exposure do not coincide in time, and permanent physical treatment addresses a risk that is not present when people are actually there.
Council holds this information. Pneumatic tube counters record a time stamp for every vehicle as a matter of course, and the hourly distribution is a standard output, not an additional survey. It has not been published, and without it no ratepayer can assess whether any of these proposals is warranted.
I ask that the final plan publish, for every site where speed data is cited: the survey location on the road, the survey dates, and the distribution of recorded exceedances by hour of day and by day of week. Where the recorded speeding does not coincide in time and place with the activity the treatment is intended to protect, the proposal should be withdrawn.
The same point applies to survey location. A single figure quoted for a whole road tells the reader nothing about whether the speeds were recorded at the point being treated. Where a count taken on a long open straight is used to justify humps several hundred metres away in front of a reserve, the data does not support the proposal — it merely accompanies it.
I also note that several proposals carry no published speed or volume data whatsoever, including Park Avenue, Takitimu Road, both Raumati Village locations, Beachwater Grove, Tutanekai Street, Lancelot Grove, Ōtaki Cemetery and Awa Tapu Cemetery. Council is asking ratepayers to fund permanent physical works at these sites on no published evidence at all.
Cost transparency
The plan asks ratepayers to endorse 14 speed limit changes and 49 infrastructure improvements without publishing the cost of a single one of them. Table 16 gives five programme-level totals and nothing more. At the stated accuracy band of minus 30 per cent to plus 50 per cent, the $4.745m programme could land at $7.1m. That range is acknowledged in a footnote and then not addressed anywhere in the document.
I ask that the final plan publish, for every proposal, an individual rough-order cost and a benefit-cost ratio, or a stated reason why a BCR cannot be calculated. At present benefit-cost ratios exist for two projects out of 63. One of those two returns a BCR of 1.5 on an assumption of five pedestrians a day. That is a thin basis on which to commit

public money, and it is the best-evidenced project in the document.
Three proposals — Lancelot Grove, Ōtaki Cemetery and Awa Tapu Cemetery — are marked unsubsidised, meaning they fall entirely on ratepayers with no NZTA funding assistance. These should be individually costed and justified before adoption, not bundled into a programme total. All three were also excluded from the resident pre-consultation recorded at Table 11.
I also note that Table 16 is headed “Total Cost ($000)”. Read literally, the programme total is $4.745 billion. It is presumably a labelling error, but it is the central financial table in a consultation document and it has not been checked.
Budget discipline
The plan states that if new projects emerge, the programme will be reprioritised to stay within the approved budget, with approval from the Group Manager Infrastructure and Assets. There is no equivalent commitment for cost escalation on the projects already listed.
I ask that the final plan commit to: reporting actual against estimated cost for each completed project; referring any project exceeding its estimate by more than 20 per cent back to Council before proceeding; and publishing post-construction speed and crash data so the benefit actually delivered can be compared against the benefit claimed.
Speed limit reductions without demonstrated risk
Several proposed reductions sit on sections with no reported injury crashes across the five-year assessment period from 1 February 2021 to 30 April 2026 — Marine Parade and Howell Road, Peka Peka Road, the Mill Road extension, Gear Road and Taylors Road.
Roads exist to move people and goods. A speed limit should be reduced where there is demonstrated, unacceptable risk to life, not as a default position and not to match the speeds drivers already choose. Matching a posted limit down to observed mean speed does not improve safety; it removes headroom and criminalises behaviour that the plan itself describes as normal for the road.
Old Hautere Road illustrates the problem. Council's own Cost Benefit Disclosure Statement projects a reduction of 0.02 expected injury crashes per year against an increase of 1,009 travel hours per year across all road users. On the plan's own figures, the travel time cost is of the same order as the monetised safety benefit. That calculation is not shown. It should be, for every proposed reduction.
Infrastructure: proportionality
The school zone programme extends treatment to a 1km buffer around every school in the district on the basis that this is the distance students will walk or cycle. The risk it addresses is concentrated in two short periods on school days — around 190 days a year. The mitigation is permanent, 24 hours a day, 365 days a year.
Council's own monitoring records a 15 km/h mean speed reduction already achieved from the variable 30 km/h limits and existing treatments. That is a substantial result from measures targeted at the actual risk window. The case for adding permanent vertical deflection and permanent carriageway narrowing on top of it has not been made.
I do not support the widespread use of speed humps and raised platforms. They impose a whole-of-day penalty, are uncomfortable and in some cases painful for older drivers and passengers, slow emergency and service vehicles, add ongoing maintenance liability, and displace speeding to adjacent streets. Kāpiti has an older-than-average driving population. Narrower carriageways and tighter intersection geometry make the network harder for them, not safer.
I do not support widening footpaths and kerbs into the carriageway where the existing footpath is already generously wide. Where more pedestrian space is genuinely needed, take it from the reserve or the existing path, not from the road.
What I do support
Lighting upgrades — low cost, no penalty to any road user, and directly effective on night-time risk. New footpaths closing genuine gaps in the walking network. Kerb ramps for accessibility. Pedestrian refuge islands on genuinely wide arterial corridors, where a central island can be installed without narrowing traffic lanes; the wait-time argument at Table 9 is sound. Formalising posted limits on the new Peka Peka to Ōtaki Expressway side roads, which is legal housekeeping at negligible cost.
Taken as a whole, however, the programme reads as an accumulation of physical devices rather than a network designed for the efficient movement of both vehicles and pedestrians. I ask Council to fund the low-cost, high-value elements first — lighting, footpath gaps, refuges on wide corridors — publish the cost of each remaining item, publish the underlying survey data, and bring the vertical deflection and carriageway narrowing proposals back for separate consideration on their individual merits.

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text Old State Highway 1, between Ihakara St and Raumati Rd is currently limited to 50 kph. Now that the housing construction has concluded, there is a case for lifting the limit here to 60 or 70 kph. It is similar in construction and width to the Old State Highway south of Raumati Rd, which a 80 kph limit.

As a resident at 95 Marine Parade I would lose visitor parking spaces on Marine Parade if you were to build a refuge island as the width of the road is far too restrictive and this wold be entirely unacceptable. Every day people with dogs come and park both sides of the road and when opening doors on the road side next to a refuge island the dangers of being hit with the restricted space is very real. If such an accident did occur and somebody got killed Kapiti Council would be totally liable particularly as this email confirms the risk.

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text All bus routes within Kapiti road network- Recommend a smoother Watts profile on any new speed humps proposed to be installed or modified on existing bus routes– we rather prefer speed cushions instead of speed humps because they are easier to traverse over and more comfortable ride for passengers on board buses. GWRC have a map of all bus routes on the road network, - KCDC can request this to view to ensure any speed humps on bus routes are assessed and considered.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice On behalf of an organisation

Q106 **Name of organisation**

Short Text Greater Wellington Regional Council

Q107 **Age Group**

Select Box 25-29

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

A roundabout for the exit of coastlands at Pak n save would be great- difficult to pull out there and hard to see

A longer green arrow at the kapiti road lights with arawhata road heading west as often only long enough for 2-3 cars to go, also could often turn when lights green for straight through but red arrow for turn when there is no on coming traffic

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

No, I disagree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

If you take the actual road width from the parking spaces on both sides of the road ther e is no room for a ped refuge island and will just restrict travel flow for motorists, The road width is totally different at Rua road when compared to Tahi road. There was a proposal to put in an island at Tahi some years ago and was rejected at the time as too tight and unworkable Refer past records. The better suggestion would be to only have a pedestrian crossing (white lines only for minimum cost) and this was suggested years ago but Council rejected the idea. Whether we actually need anything at all can be considered as the number of people crossing per day are quite few and they walk accross the road quickly when there is no traffic no problem In the last 30 years we have lived here there has been no incidents of pedestrian harm occuring on the site you are proposing to install a refuge island. to sum it up a ridiculous idea

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

No, I disagree

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Is this a pedestrian crossing or pedestrian crossing point. Agree if only a crossing point given its a 60km road. Footpath in time needs to be built on western side to cover entire stretch of road given the rest home and increased traffic volumes occurring with residential development of the surrounding area

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Not pedestrian crossing but refuge islands near the two bus stops directly opposite each other or utilising the area outside the fire station

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Slip lane needs to remain after Tutanekai St was decided to be reclassified as a Local Community Connector Route due to the short sightedness of not utilising the land set aside between Ventnor Dr and Lambert Way and the roading interchange infrastructure at Nikau Palm road turnoff for traffic going to/from Waikanae. If a refuge is required, better off being further down Arawhata towards Kikorangi closer to the bus stops on either side of the road. Agree with the refuge across Tutanekai however.

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

I fully support the need for speed humps along Donovan and Percival Roads, but I urge you to consider extending these traffic-calming measures to Te Kupe Road, particularly around the Te Kupe/Mazengarb Road bend.

This is an extremely dangerous corner with a significant blind spot, making it difficult for drivers to see oncoming traffic as they travel around the bend. Since moving to Te Kupe Road in 2021, there have been two major crashes into homes on this corner, including one where a vehicle crashed into a child's bedroom.

Every day, I see cars and buses travelling at excessive speeds around this bend, and I have witnessed numerous near misses, including one involving myself. There are many young children living on this street, and like Percival Road, Te Kupe Road experiences heavy traffic during school drop-off and pick-up times.

I strongly encourage you to consider installing speed humps, reducing the speed limit, and adding a convex safety mirror to improve visibility around this dangerous corner. I have submitted feedback to the council previously about this dangerous road and have not heard anything back.

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text

In this particular plan and project for Kenakena School, I'm seriously concerned about the lack of focus on the Arnold Grove access point to Kenakena School, given this is a significant entrance to the school and has heavy traffic at drop off and pick up times. The lack of safe crossing points on Arnold Grove and Martin Road for Kenakena School students is markedly different than what is provided for students down the road at Paraparaumu Beach Primary School. It is deeply concerning that safety issues haven't been addressed on this major access point.

Similarly, in addition to improving crossing areas around the Arnold Grove entrance, the variable speed zone on that side of the school needs to be sign posted better. The electronic signs do not indicate hours of operation. I note that where I work, at Plimmerton School, Porirua City Council has opted for static signs that list out the hours the variable speed sign is in operation. A similar approach should be applied for the Golf Road/Martin Road entrances to the school's variable speed zone.

Multi Choice No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text There have not been any accidents on this road, the current 30 km/hr is sufficient for where the pedestrians actually are and extending it is completely unnecessary.

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text You have to strike the right balance between traffic flow, climate change (slowing down traffic and then speeding back up causes huge emissions), risk, whether accidents actually occur in the area, and frankly what the public want. Slowing down traffic when there is no evidence of accidents is unnecessary. Think of how much emissions is created by slowing down and speeding up traffic.

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text The data you have provided suggests that there is no safety issue that needs to be addressed.

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice No, I disagree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text Land transport rules may not require you to disclose the cost/benefits of this change, I won't consider supporting it unless you do disclose them.

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text This comes across as a poorly considered piece of work. There is predominantly no real-world evidence base for the proposed changes, there is no setting of measurable objectives for the proposed changes (beyond 'reduce speed', which is too arbitrary to be a useful consideration when we're being asked to support the changes and their cost to us), and no explanation of how proposed measures will meet a measurable objective. I really hope that this is not indicative of how council plans its benefit realisations and expenditures generally.

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

I partly agree with adding another pedestrian crossing down Maclean Street (although am not sure it's really needed given a crossing just up the road a bit) but disagree with having another pedestrian crossing on Marine Parade due to the three crossing that already exist. I would be more supportive of a refuge island towards Ocean Road or in between two carparking areas though.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

No opinion apart from aforementioned refuge island near Ocean Road or between carparking areas near Maclean Street instead of another crossing.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

I partially agree although am concerned that this area is just after a tight area of Mazengarb Road coming from Michael Road intersection. Extra care is needed to ensure that the refuge does not cause parked cars around the area to end up effectively cutting road down to 1 lane.

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Agree with Tutanekai Street pedestrian refuge but don't agree with removal of left turn slip lane. This (via Tutanekai Street) and the remaining Arawhata Road is highly used for people coming from Paraparaumu Beach going to Coastlands or on the East side of the tracks and this change will mean that traffic will be required to slow often for cars turning left from Arawhata to Tutanekai. A better option, in my opinion, would be to move Tutanekai Street refuge slightly away from the intersection.

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Q92 **Do you agree with proposed change for RZ3 Tutanekai Street?**

Multi Choice No, I disagree

Q93 **Please explain why you disagree with the proposed change for RZ3 Tutanekai Street.**

Long Text This street is regularly used for those travelling from Paraparaumu Beach to Coastlands / east side of the railway tracks, taking traffic away from the busy Kapiti Road area. I would need to be convinced that there is great benefit in having these speed humps in place before I would even consider agreeing with the change.

Q94 **Do you agree with proposed change for RZ4 Donovan Road and Percival Road?**

Multi Choice No, I disagree

Q95 **Please explain why you disagree with the proposed change for RZ4 Donovan Road and Percival Road.**

Long Text Agree with Percival Road speed humps but not with Donovan Road due to the fact it is more of a thoroughfare type road. Most recreational focus seems to be more in the Percival Road area which is why that is fair enough, but Donovan Road is already covered by the variable speed limit for Kena Kena School when it is at its busiest.

Q96 **Do you agree with proposed change for RZ13 Awa Tapu Cemetery?**

Multi Choice

Q97 **Please explain why you disagree with the proposed change for RZ13 Awa Tapu Cemetery.**

Long Text

Q98 **Do you agree with proposed change for SL1 Marine Parade?**

Multi Choice No, I disagree

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text Given the Cost Benefit Disclosure, I see little value in modifying the speed limit as it would seem to be just for the sake of it. In my opinion the extra areas marked are not particularly busy as the skateboard park & basketball court are on the other side of a footpath and behind a fenced area (at least in the skateboard park case - can't quite remember if there is a fence on the basketball court but there probably should be to avoid balls making their way onto the road)

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text Based on some of these plans I would like for the Council to consider through roads and roads that are joining the various communities. Also avoid trying to funnel more traffic into busy roads like Kapiti Road by slowing down other commonly used roads used for bypassing the need to use e.g. Kapiti Road.

Long Text

I strongly urge Council to install a give way-controlled intersection and a concrete centre refuge island at the corner of Walton Road and Martin Road as a matter of priority.

This intersection is a serious safety risk for local children who walk to and from school every day. There have been numerous near misses involving children attempting to cross the road, particularly during school drop-off and pick-up times. The current layout does not provide a safe crossing point and relies too heavily on drivers slowing down and exercising caution, which is clearly not happening consistently.

This corner is also a well-known hotspot for reckless driving and boy racer activity. Vehicles regularly perform burnouts and donuts at this intersection, creating excessive noise, damaging the road surface, and putting nearby residents at risk. As a result of this dangerous behaviour, vehicles have left the roadway and crashed into fences and private property. I am personally aware of at least two homes that have experienced vehicle impacts due to reckless driving at this location.

It is unacceptable that residents and school children continue to be exposed to these risks. The installation of a concrete refuge island would help slow traffic, discourage dangerous driving manoeuvres, and provide a much safer crossing point for pedestrians. A give way-controlled intersection would further improve driver behaviour and reduce the likelihood of crashes.

Council should not wait for a child to be seriously injured or killed before taking action. The dangers at this intersection are well known to local residents, the risks are ongoing, and preventative measures are urgently needed. The safety of children and the surrounding community must take priority.

Long Text

I agree with pedestrian crossing but disagree with it's proposed location. When sumerset consent was submitted plans were for a pedestrian crossing back towards 70 Ratanui Road before the little farm entrance and closer to Sumerset. Given the vast open space and existing footpath network that seems logical but this plan seems to put it

right next to one of the biggest subdivisions of land on Ratanui Road. The pedestrian crossing is far too close to the entrance to 50,52,54,56,56A,60,60A,60B. Over 30 resident cars plus visitors use this driveway daily. Turning out of this driveway with a pedestrian crossing no more than what appears to be 5M from the driveway will be difficult and be dangerous for pedestrians. Doesn't suggest the road will be widened to allow a center island for merging into either. Given these properties sit in the rural lifestyle zone with heavy machinery, trucks, boats etc need to go towards Waikanae, the view from cars parked road side outside the little farm is already problematic during business hours and visitors can't see what's coming and will be made worse by pedestrian lamps and signage and a center island/refuge. A no stopping was put in place by the council a few years ago to prevent little farm users parking right up to the driveway. I don't see why we would put the pedestrian crossing here given 10m further back towards little farm there is a big open space on both sides of the road for a crossing that is actually closer to the school for kids safety and summerset village where visibility is not a concern or by 70 ratanui road as per the Sumerset surveyors report. The foot path by 53 ratanui doesn't need extending, that seems like a huge waste of ratepayer money to extend the footpath 10m for whos benefit?. Given summerset developers will be doing some sort of entrance and foot path, the footpath being closer to the little farm school and summerset entrance seems most logical and cost effective to ratepayers without extending something that doesn't need extending. A future bus service could then stop in front or behind this, right at the summerset gate, opposite little farm.

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text Killalea place should be a 30km/h zone, but I agree 50km'h is better than nothing. There's no reason that road needs to be 50km/h given it services properties in the rural lifestyle zone where horses, animals and kids play in the street. As it's a deadend road with a turning circle, a 30km/h would be better.

Q38 **Do you agree with the proposed change A for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q39 **Please explain why you disagree with proposed plan A for RC1 Marine Parade.**

Long Text

Pedestrian refuge would better suit that area.

Q40 **For proposed change B, what do you think are suitable locations for pedestrian refuge islands for pedestrians to safely cross Marine Parade and access the shared path and beach?**

Long Text

Pedestrian refuges would suit most locations on the Marine parade, while still receiving traffic congestion in that area.

Q41 **Do you agree with the proposed change C for RC1 Marine Parade?**

Multi Choice

Yes, I agree

Q42 **Please explain why you disagree with proposed plan C for RC1 Marine Parade.**

Long Text

Q43 **Do you agree with the proposed change D for RC1 Marine Parade?**

Multi Choice

No, I disagree

Q44 **Please explain why you disagree with proposed plan D for RC1 Marine Parade.**

Long Text

Raise islands would be better in that area. No need for another pedestrian crossing.

Q45 **Do you agree with the proposed change for RC2 Ocean Road?**

Multi Choice

Yes, I agree

Q46 **Please explain why you disagree with this proposed plan for RC2 Ocean Road.**

Long Text

Q47 **Do you agree with the proposed change A for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

Crossings should be kept away from the very busy intersections with side roads.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

Yes, I agree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

Not too often as visibility is fine at present, and the road is wide emough.

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Yes, I agree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Q69 **Please explain why you disagree with proposed change A for SC7 Paraparaumu Beach School.**

Long Text

Q70 **Do you agree with proposed B for SC7 Paraparaumu Beach School?**

Multi Choice No, I disagree

Q71 **Please explain why you disagree with proposed change B for SC7 Paraparaumu Beach School.**

Long Text Beachwater grove is cramped already, and most motorists keep speeds down. It is a route we often use, and speed humps may distract us from carefully watching out for children at school times. In other towns nearby, speed humps are a nuisense and distract motorists; where as road marking is informative.

Q72 **Do you agree with proposed A for SC8 Kenakena School?**

Multi Choice Yes, I agree

Q73 **Please explain why you disagree with proposed change A for SC8 Kenakena School.**

Long Text

Q74 **Do you agree with proposed B for SC8 Kenakena School?**

Q99 **Please explain why you disagree with the proposed change for SL1 Marine Parade.**

Long Text

Q102 **Do you agree with proposed change for SL13 Paraparaumu/Raumati UTA?**

Multi Choice Yes, I agree

Q103 **Please explain why you disagree with this proposed change for SL13 Paraparaumu/Raumati UTA.**

Long Text

Q104 **Is there anything else you'd like us to consider for future Speed Management Plans?**

Long Text For future busy intersections, roundabouts are much better that traffic lights; as roundabouts automatically adjust for different traffic flows. In some cities overseas roundabouts are favoured over traffic lights for traffic flow and lower maintenance costs.

Q105 **Are you providing feedback as an individual or on behalf of an organisation?**

Multi Choice As an individual

Yes, I agree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

Q49 **Do you agree with the proposed change B for RC3 Mazengarb Road?**

Multi Choice

Yes, I agree

Q50 **Please explain why you disagree with proposed change B for RC3 Mazengarb Road.**

Long Text

Q51 **Do you agree with this proposed plan for RC4 Ratanui Road?**

Multi Choice

Q52 **Please explain why you disagree with this proposed plan for RC4 Ratanui Road.**

Long Text

Q53 **What do you think are suitable locations along Te Roto Drive where people are currently using the existing median islands to cross the road?**

Long Text

The crossing should be on the left as you are coming down Sheffield Street not over the road outside the storage place. this would enable a link between food and beverage outlets and good for food events.

Q54 **Do you agree with this proposed plan for RC6 Arawhata Road?**

Multi Choice

No, I disagree

Q55 **Please explain why you disagree with this proposed plan for RC6 Arawhata Road.**

Long Text

I think it needs to be to the left of Tutanekai street not to the right of it as pedestrian traffic comes down Tutanekai from the train station. another pedestrian splitter island crossing at the intersection of Tutanekai so people can cross Tutanekai at a busy intersection

Q56 **For proposed change A, what do you think are suitable locations along Guildford Drive for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Long Text

There is a big problem with the round about and school traffic drop off and pick up. Parents are parking down both sides of Guilford. Anyone going past the college to the beach can be sitting in bumper to bumper traffic for many minutes (10 minutes last time i hit this). Students crossing, cars parked and pulling out, cars in school carpark going in and out, at the round about through traffic has to give way to right and thats the unsealed area by the Jolly and traffic turning right from the beach end of Mazengarb, they do this and park on the left of Guilford. Then theres them pulling in and out. Some actually just stop and kids climb into the unparked car and too bad the people behind them. This is becoming a major issue.

Q57 **Do you agree with proposed change B for RC7 Guildford Drive?**

Multi Choice

Yes, I agree

Q58 **Please explain why you disagree with proposed change B for RC7 Guildford Drive.**

Long Text

Q59 **For proposed change A, what do you think are suitable locations along Rimu Road and Ihakara Street for pedestrian refuge islands to reduce the width of the road that pedestrians need to cross?**

Multi Choice

No, I disagree

Q48 **Please explain why you disagree with proposed change A for RC3 Mazengarb Road.**

Long Text

I support an additional pedestrian refuge on Mazengarb Road, but I do not agree with / object to the assumption already made (included in your note) that "the option to build pedestrian refuges or islands at Michael Road, Percival Road and Te Atiawa Park were ruled out because there would not be enough lane width left for vehicles and cyclists to pass safely"'. Respectfully I am not a traffic design engineer, however legal Road Reserve is very wide in all of these locations, and for the sake of the additional width required, Could the Council not just move the kerbing and footpath inwards slightly to accomodate the required passing distance between cars and cyclists / the pedestrian refuge? Isn't the width required only 30cm more? Simply ruling out a pedestrain refuse / crossing at the intersection with Pervical Road due to the existing roading layout (where there is ample room to extend the road over a short distance) seems unreasonable and Council is not considering (or allowing consultation) on this option from the outset. I have requested Council consider safety improvements at this busy intersection (key crossing place for Kenakena school students walking from Kotuku Park and sporting activities at the Netball Courts) multiple times over the last 6 years, and I would request another evaluation of possibilities please? In observing activities on a daily basis, the Percival Road intersection is where a pedestrian refuge / crossing would be most benefical and receive the most use connecting the shared paths already constructed. Surely the kerbing can be moved to make this happen? Please reconsider and email me to advise why this option is absolutely not possible so I can understand. Thank you.
