

Draft Emissions Reduction Plan feedback form

In 2025, the Council published an Emissions Reduction Strategy which sets out how we can work together to achieve our aspirational goal of a net zero Kāpiti by 2040. Our draft Emissions Reduction Plan 2026-30 sets out what the Council will do to deliver on the strategy. It has been informed by what we've heard through Vision Kāpiti and engagement on the Emissions Reduction Strategy.

What we're doing

- 1. How important is it to you that the Council reduces emissions in ways that also deliver wider benefits, such as cost savings, better health outcomes, and reducing our reliance on imported petrol and diesel?**

Please tick one:

- ☐ Very important
- ☐ Somewhat important
- ☐ Neither important/unimportant
- ☐ Somewhat unimportant
- ☐ Not important

Further comments:

- 2. What do you think is currently working well in terms of reducing emissions across Kāpiti?**

Actions

The Emissions Reduction Plan 2026-30 sets out the Council's current and proposed actions to reduce emissions from transport, energy & buildings and waste, and increase carbon sequestration in Kāpiti.
